Proposes Dag Be Given New Mission

Norwegian Middle East Plan Is Presented to U.N. Assembly

UNITED NATIONS, N. Y. (AP)—A Western-supported resolution was laid before the U.N. General Assembly emergency meeting today proposing that Secretary General Dag Hammarskjöld be given a new Middle East peace mission.

The new plan was whipped into final form in a busy weekend of conferences between the chief sponsor, Dept. Foreign Minister Hans Engen of Norway, and other key delegates.

U.S. Support Seen

The United States was not a sponsor, but informed quarters said the United States would give the proposal full support.

The text was understood to give Hammarskjöld the job of working

out security arrangements in Lebanon and Jordan to make possible withdrawal of U.S. and British forces.

It also was reported to call on the secretary general to make studies on two of President Eisenhower's Middle East peace proposals — creation of a stand-by peace force and establishment of a regional economic foundation.

The resolution reportedly failed Sunday night to win Arab-Asian support.

A diplomat said some Arab and Asian countries had objected that it did not say specifically that the United States and Britain should withdraw their troops.

Engen has said, however, that

he would have a "nice group" of cosponsors in the 81-nation Assembly.

The Soviet Union already has introduced a resolution which would have the Assembly recommend that the United States and Britain withdraw their troops without delay. The resolution also calls for strengthening the U.N. observer corps in Lebanon and sending another to Jordan to supervise the troop withdrawal and the situation on Jordan's frontiers.

For Assembly approval, any important resolution needs a two-thirds vote. The 28-nation Asian-

Preparations For Fair Pushed

Junior Program Set For Opening Day

LISBON — A sun-bright day greeted fair board members this morning at the Columbiana County fairgrounds as they worked toward the opening of the 113th annual fair Tuesday morning at 8.

Today is reserved for the final placing of entries which closes at 5 p.m.

Galen Greenisen, president of the fair board, said entries so far include 175 head of ponies, 358 chickens, 126 head of sheep, 50 4H Future Farmers of America steers, 194 cattle and 82 swine.

Five granges and five juvenile granges have entered displays and 20 tents have been erected to house merchandise of manufacturers, auto dealers and exhibits, Mr. Greenisen said.

Tuesday will be Junior Fair Day. Highlights will be crowning of a new king and queen, 4H floats and the motor olympics thriller show in front of the grandstand.

The Junior Fair was planned by the Agricultural Extension Service agents and vocational agriculture instructors in cooperation with the Junior Fair Board.

The 4H band will play all day at the fair and will lead the livestock and machinery show in the evening.

The Columbiana County Court house will close Wednesday and Thursday afternoon so that workers may attend the fair.

The complete program for the first day of the fair follows:

Weighing of 4-H and FFA steers at 8 a. m.; junior fair cattle judging at 9 a. m.; auto and tractor rodeo at 10 a. m.; junior fair program at 1:30 p. m., including 4-H band, presentation of royal court and crowning of 4-H king and queen, float parade, youth talent, and other youth activities; parade of 4-H and FFA livestock, floats and royal court, followed by the Motor Olympics thriller show at 8 p. m.

Zoning Issue To Be Aired Tuesday Night

Persons supporting or opposing the proposal to allow new service station construction on through highways in the general residential districts of Salem are expected to voice their opinions at City Council's regular meeting Tuesday, at 7:30 p. m. at City Hall.

Council, after a meeting last Tuesday, delayed action on the zoning proposal until public opinion on the matter is known.

Several oil companies have sought the inclusion of service stations in the general residential districts since the public hearing on the zoning laws in June.

At a committee of the whole meeting in July, Council failed to take action on a similar proposal although Council did vote to permit new stations in the business districts.

The city's proposed zoning ordinance had stated that new stations could be constructed only in the commercial and industrial zones.

Also on the council agenda Tuesday is pending legislation on a \$200,000 storm sewer extension levy. Council's sewage committee plans to ask that a two-mill, five-year levy be submitted to the county board of elections for the November ballot.

17 Persons Die In Ohio Mishaps

Warren Bride of One Day Killed In Crash

By The Associated Press
A marriage only one day old was ended...

The life of an infant was snuffed out when he fell out of a car driven by his father and was run over by a car driven by his mother...

A young man being baptized slipped from the grasp of the baptizer and drowned...

These were some of the tragedies that claimed 17 lives in Ohio over the weekend — eight fatalities occurring in traffic accidents. Two of possibly seven drownings happened while the victims were water skiing.

The honeymoon that ended suddenly was the result of an auto mobile accident near Warren. A 21-year-old bride of one day was killed in a four-car smashup. State highway patrolmen said her husband's car failed to halt at a stop sign and triggered the crash.

When the 21-month-old baby boy fell out of his father's car near Delaware, the child's mother, driving in another car behind, apparently did not see her son in the road. The wheels of her car crushed his skull.

The officiating clergyman at the baptism, an Akron evangelist, went into a state of shock when he learned that the young man who slipped from his grasp had drowned while being immersed in a creek. The victim was the evangelist's nephew.

The Associated Press tabulation of weekend accidental deaths runs from 6 p. m. Friday to midnight Sunday.

Friday night: Uel Justice, 40, Ironton, electrocuted while using an electric drill to build a dog house in the back yard of his home.

Paul D. Dommenn Jr., 15, when he fell seven feet from a home made chinning bar in the yard of his home at Conneut.

Dale E. McGuire, 35, Rt. 1, Lou donville, when his motorcycle and car collided on Ohio 3, two miles County line.

Stanley Sivinski, 60, Port Clinton, when his truck was crushed on Ohio 2, two miles east of Port Clinton.

Robert Grandbouche, 16 months, drowned in a drainage ditch 20 yards from his home in Ashtabula.

Parked Car Looted, Hub Caps Are Stolen

Vandals ransacked one auto, stealing about \$40 in goods, and took four hub caps from another automobile during the weekend, according to police.

Arnold Howell, of 340 N. Ellsworth Ave., told police that some one broke into his car early Sunday morning while it was parked in front of 425 S. Ellsworth Ave.

Taken from the auto were a plaid shirt, three sets of work clothes, and seven teddy bears that Howell won at a carnival.

Four hub caps were stolen from an auto owned by Melvin Emerick while it was parked in front of his residence at 388 N. Ellsworth Ave. Saturday night.

ities at a drive-in restaurant by pre-arrangement.

"I'm happy to have it over with," he sighed.

Herman vanished Aug. 4, the day his nephew Frank Kierdorf, 54, staggered into a Pontiac hospital with horrible burns. Police believe he was burned while setting fire to a dry cleaning shop in Flint.

Before he died three days later, he said he was burned deliberately by two men. But police said their investigation disproved the story.

Denying emphatically any connection with the reputed arson, Herman said he surrendered because he really had no reason to hide. He also insisted that his ex-convict nephew had not burned himself.

"Why should Frank set that place on fire as an arson job?" he asked. "I just don't believe Frank would do a thing like that."

Clutching a big cigar and wearing an Ivy League cap, Herman gave himself up promptly at the agreed time of 10 p. m. His son Richard had acted as intermediary with police.

"I am a sick man," he told reporters, referring to a heart condition. He added that another reason he turned himself in was that he felt sorry that Chief Assistant Prosecutor George Taylor of Oakland County was "taking a rap."

It was Taylor, a chief investigating officer in the Frank Kierdorf fire death mystery who let Herman have his freedom Aug. 4 after he had been questioned.

"I'm sorry I caused so much trouble," Herman said apologetically.

Herman surrendered to Taylor and Chief Prosecutor Frederick C. Ziem at the drive-in. The two officers were accompanied to the meeting place by Herman's son.

Before being booked at the Oakland County Jail, Herman took a nitroglycerine pill for his heart.

He was booked on a formal charge of possession of a pistol. This was the charge on which he had been declared a fugitive.

He said he never left Michigan

Weekend Forfeits, Fines Total \$215

Two drivers were fined a total of \$190 and costs, two others forfeited bonds totaling \$25 in Mayor Harold Smith's court during the weekend.

Kenneth E. Layden, 23, of 525 Euclid Ave., was fined \$100 and costs, and was sentenced to three days in jail. He was arrested Saturday morning by police for driving while intoxicated.

Lester J. Barber, 28, of 865 Gaskill St., Alliance, was fined \$90 for three traffic violations after his arrest by the patrol.

Mayor Smith fined Barber \$25 for failure to display his truck registration, \$40 for failure to display his highway tax permit, and \$25 for driving an unsafe vehicle.

Forfeiting bonds were Evelyn M. Latson, 25, of Columbus, \$15, and Arnold R. Lease, 21, of RD 4 Lisbon, \$10. Both were arrested by the patrol for reckless operation.

5,000 Persons Attend East Palestine Fair

EAST PALESTINE — The three-day American Legion street fair and homecoming closed Saturday night with an estimated 5,000 persons having attended. Officials of the Columbiana County Public Health League, who operated their mobile unit at the fair Friday and Saturday, announced that 1,019 chest X-rays were taken of fairgoers.

House to Consider Labor Control Measure

Big Stack of Bills Confronts Congress Eager to Adjourn

WASHINGTON (AP) — A stack of bills, some of which could provoke floor battles, today confronted a Congress anxious to go home and campaign for the fall elections.

Leaders were shooting for adjournment by the end of this week, but there were several issues that could prevent them from hitting that target.

The House undertook a mammoth job by listing 35 bills for possible consideration today under procedure requiring two-thirds votes for passage.

In this group was a controversial labor control bill which has passed the Senate. This measure was given slight chance.

Another bill up for action on a take-it-or-leave-it basis was a watered-down housing bill which has passed the Senate in a different form. Its fate was uncertain.

The Senate, meanwhile, was due to tackle legislation aimed at overcoming the effects of certain Supreme Court decisions in the civil liberties and antisubversive fields.

This potentially explosive debate could tie up the Senate for some time and possibly delay adjournment.

Another issue likely to strike sparks in the Senate is the nomination of W. Wilson White to be an assistant attorney general in charge of the Justice Department's new Civil Rights Division.

White's nomination is opposed by Southern senators who recall the legal spawdwork he did in connection with President Eisenhower's use of federal troops to enforce court-ordered school integration in Little Rock last fall.

The Senate Democratic Policy Committee has cleared 106 bills for Senate action. However, many of these are minor and some may not be called up.

One major bill awaiting Senate action is a \$3,518,000,000 foreign aid money bill. The House has passed an aid bill totaling \$3,078,000,000.

During the weekend, a high administration official said Eisenhower will make a determined bid to get a final bill as close as possible to the bigger Senate total.

Eisenhower's six-point program for Middle East stability, presented last week to the United Nations General Assembly, got a warm reception in Congress. The administration official said the President plans to tell congressional leaders they can show their support for it by voting maximum aid funds.

However, senators who have battled foreign aid in the past may try to cut the Senate total.

A number of other appropriations bills in the works cover water projects, military construction and a variety of other federal programs.

A Senate backdown on farm legislation may have cleared one obstruction from the path to adjournment. The Senate agreed Saturday to vote, possibly today, on a House bill acceptable to Secretary of Agriculture Benson. Earlier, the Senate had sought a conference to work out differences, but the House balked at this.

Both House and Senate bills would prevent sharp cuts in cotton and rice acreage that would be imposed next year in the absence of new legislation. Both bills also would go far toward meeting Benson's request for authority to lower price supports and to reduce federal controls over farmers.

One big stride toward ending the nearly eight-month congressional session was taken by the Senate Saturday night when it passed a bill to raise Social Security benefits and taxes to pay for them.

The House has passed a somewhat different Social Security bill, but some senators said they thought the House might accept the Senate changes and speed the bill to the White House.

In acting on the bill, the Senate trimmed public assistance allocations in an effort to meet administration objections and avoid a possible veto.

Hurricane Cleo Poses No Threat to U.S.

MIAMI, Fla. (AP)—Hurricane Cleo swept northward in the open Atlantic today with slowly decreasing winds near the center but an increase in size.

The storm posed no threat to the U.S. mainland, the U. S. Weather Bureau said.

The season's first hurricane had winds up to 105 miles an hour near the center today as it howled along 500 miles east northeast of Bermuda. It was moving at 20 miles an hour.

A turn toward the north-northeast is indicated, the Weather Bureau said.

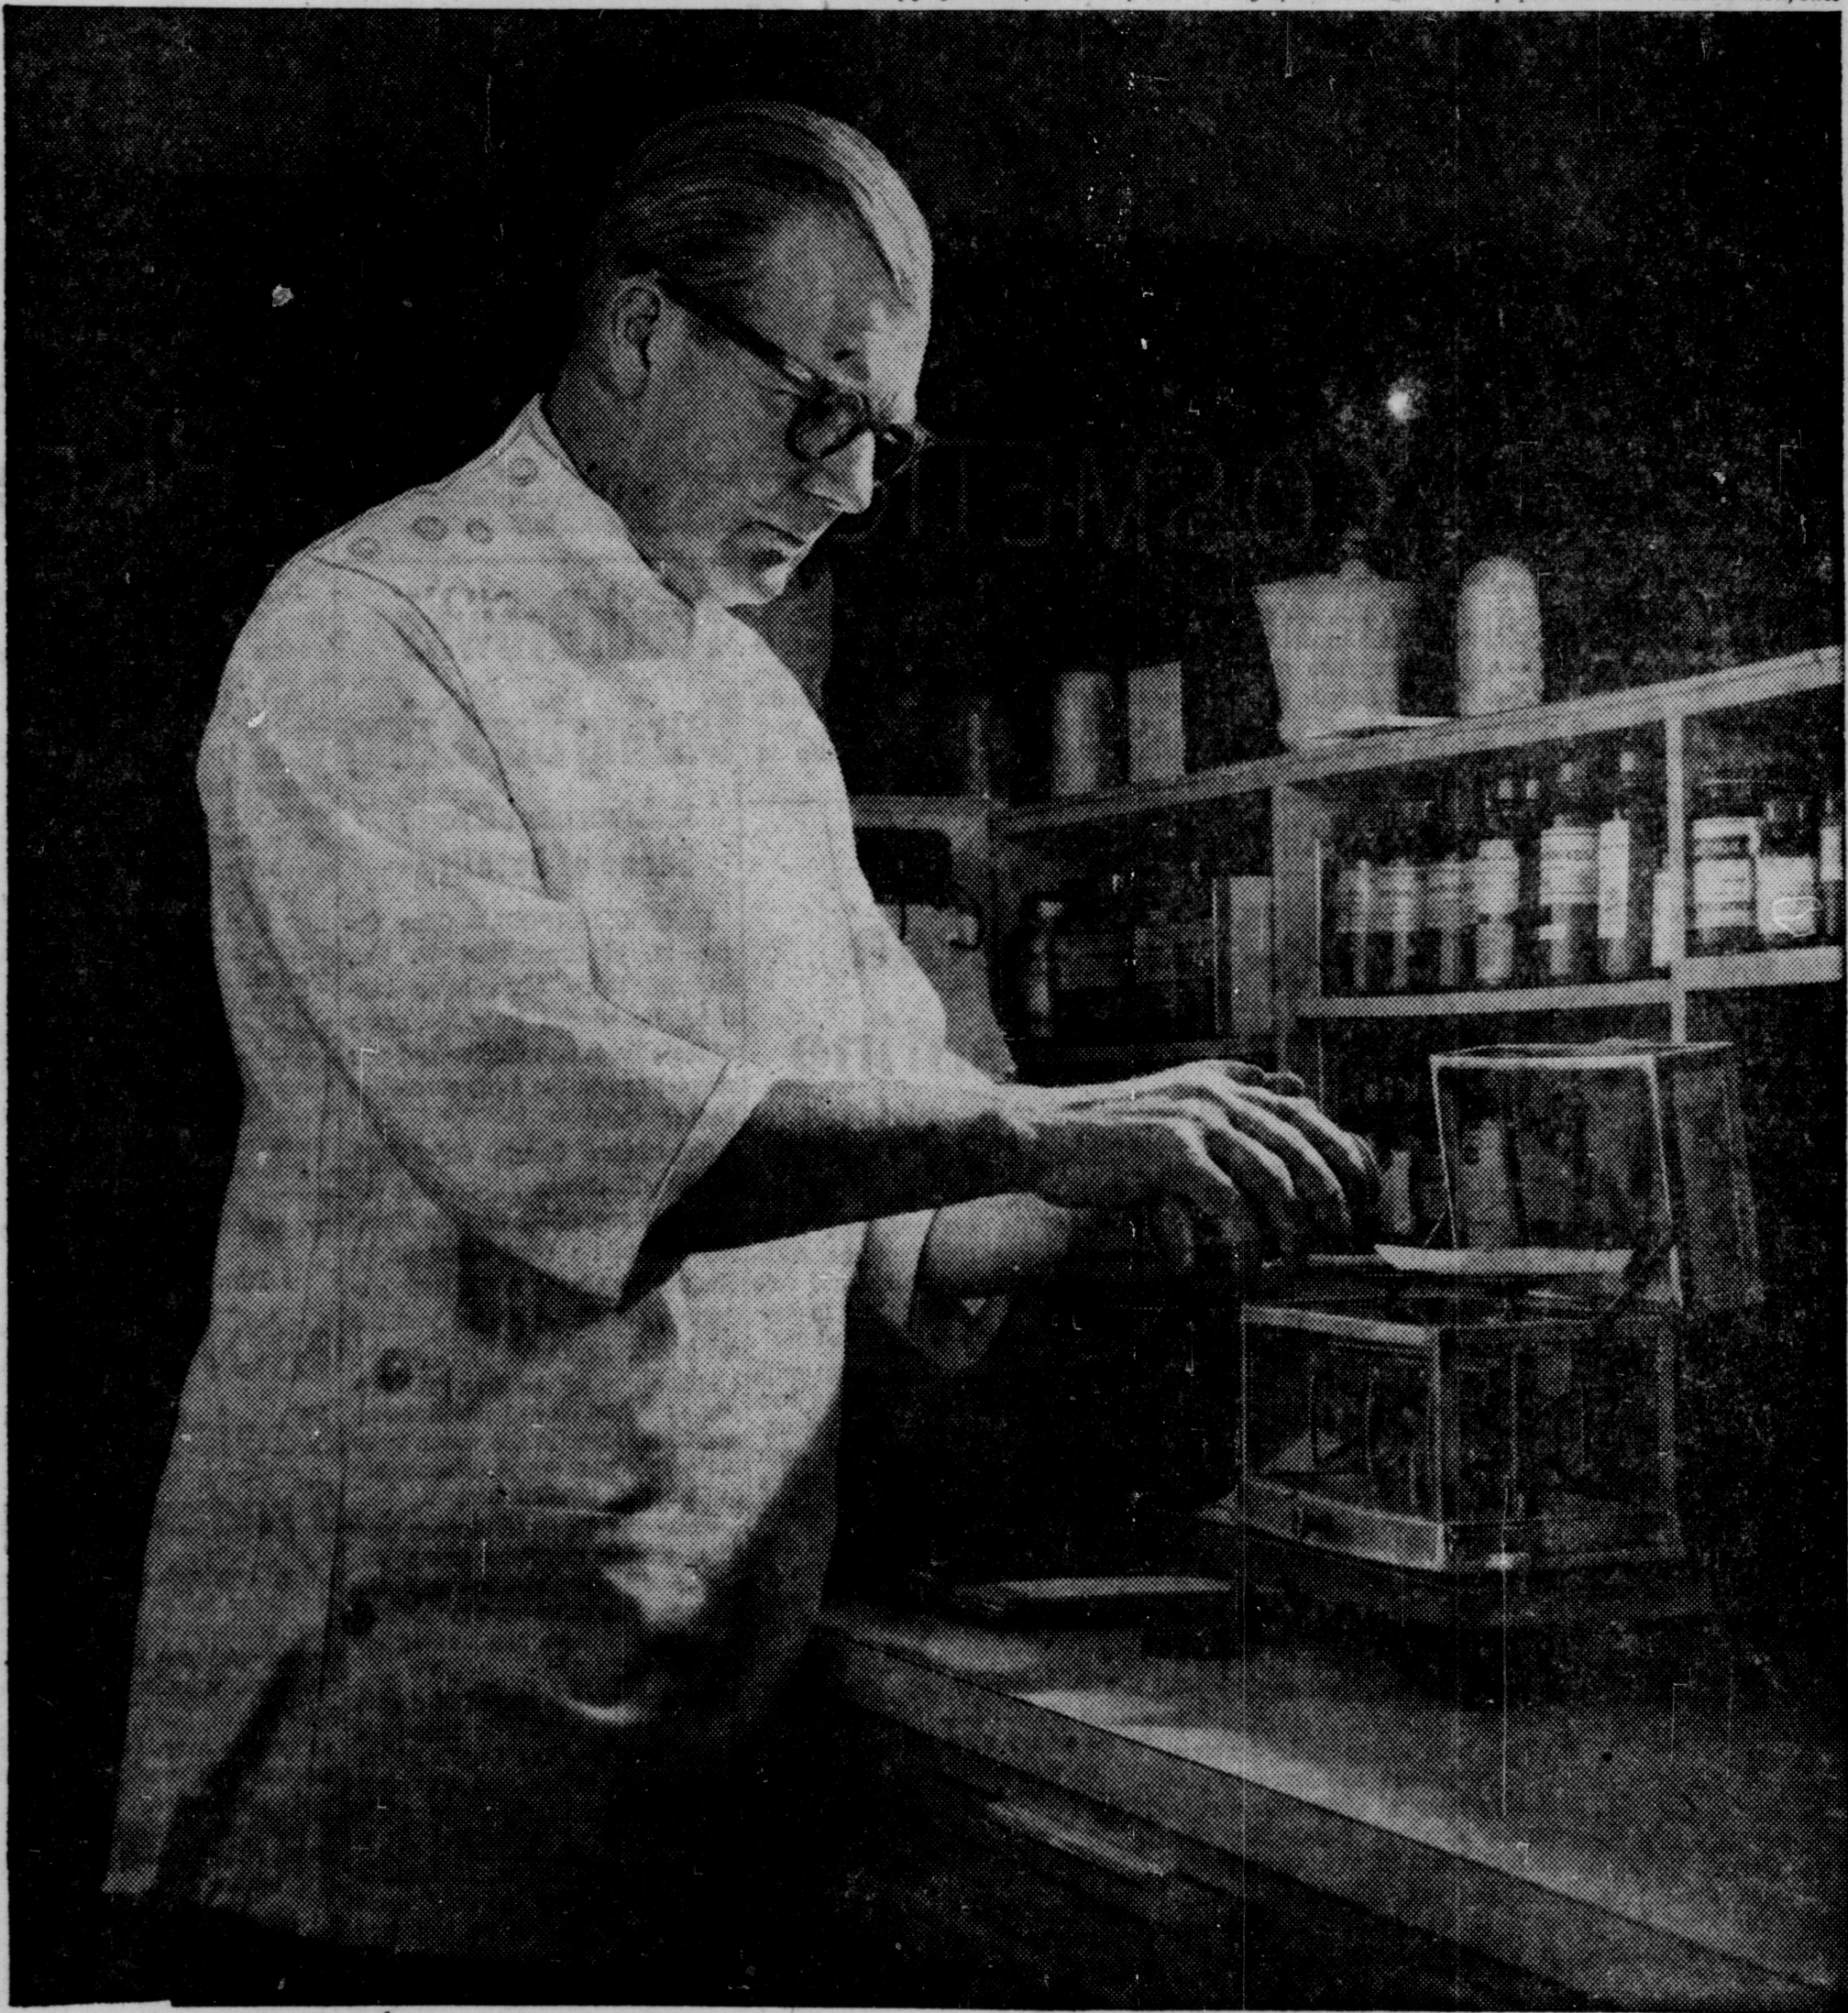

Some increase in size is expected as the hurricane loses its force. Hurricane force winds extend out 75 miles around the center, with gale force winds reaching 225 miles to the north and east and 150 miles to the southwest.

Inside Labor

By Victor Riesel

Those millionaire mobsters who met in a grand council at Apalachin are so tough they frighten and can give orders to all the

criminal play-boys of the Western world — including one called Salvatore Lucania, known back home to the boys as Charley "Lucky" Lucania.

Lucky Lucania is no more the "king of world crime" than Sergeant Bilko is supreme NATO commander. The Mafia Grand Council back home had little use for him.

The Mafia of nearby Sicily — and the twin are definitely not the same — views him as an outlander who is bringing disrepute on their ancient order.

In all, Lucky's life is not a happy one. His phone is tapped by the Italian police. They keep a mail cover on him.

This means they know who writes to the former labor terrorist and peddler of muscle and flesh. The police keep him tailed. They also make certain that his chauffeur, whom he changes regularly, is an undercover cop.

Until recently the criminal police had him on a strict curfew. Everybody, including Lucky, knows he is "hot." So hot, in fact, that he is having a rough time getting his regular money out of his U.S. investments.

Without the dough from the States, Lucky might as well drop his nickname. He'd have to hock his tailor as well as his clothes.

THIS MONEY comes from the same types of investment which all big time mobsters made during their labor shakedown, gambling and narcotics days. They put into garment shops, night spots, bars, linen supply houses and even Wall Street.

The money is brought over by special couriers, who work for a percentage. Naturally, if courier skipped with the money, Lucky could buy enough muscle to drop the hood into Vesuvius. So they never cheat.

But they are melting away under the heat of the Italian police who are needed by American authorities. And the Italian criminal

police don't like being needed. The police are trying hard to trace the source of the money but since this comes from American business investments, they are stymied.

Life isn't made any easier for the national police here by the fact that a special commission of the Penal Tribunal pronounced Luciano a "free citizen." This decision was handed down here last March.

It came after a long hearing before a judiciary commission consisting of three prominent jurists and a public prosecutor. They found that Luciano was "leading a perfectly regular life that does not call for any censure."

After Luciano was accused of running the Apalachin crime convention, the criminal police appealed this decision. They lost.

THE ITALIAN POLICE are disturbed because they might now be hampered in their surveillance of Lucky.

Then, if anything happens to him, or if he does get mixed up with some U.S. scandal, the world will scream that nothing was done to keep the "king of crime" under control.

The point is that there are scores of American hoods here and the police feel that some of these boys might tempt Lucky into organizing a criminal combine of the type unknown to Italy, or the Continent, for that matter.

Police officials point out that we have dumped narcotics smugglers, extortionists, burglars, counterfeiters and all kinds of terrorists on Italian soil — when, in effect, these mobsters spent virtually all their lives in the United States.

For example, there is a Bruno Corasanto, an American extortionist born in Italy. He was deported from the United States to this country on July 12, 1957.

There is Sebastiano Vermiglio, deported for larceny and counterfeiting on Jan. 6, 1956. There are Sam and "Big Joe" Accardo, big-time racketeers tied in with the Capone mob.

Big Joe, who hid out in Trapani, Sicily, was flushed out by the police.

THE REAL, traditional Mafia didn't try to hide him, though in the States he was a topside narcotics peddler and muscle man.

I've seen a long list of these hoods and now know what it costs the Italian government to keep an eye on them — and to quarantine the Italian people from Amer-

OUTWARD TO THE STARS (I)—Ancient Man

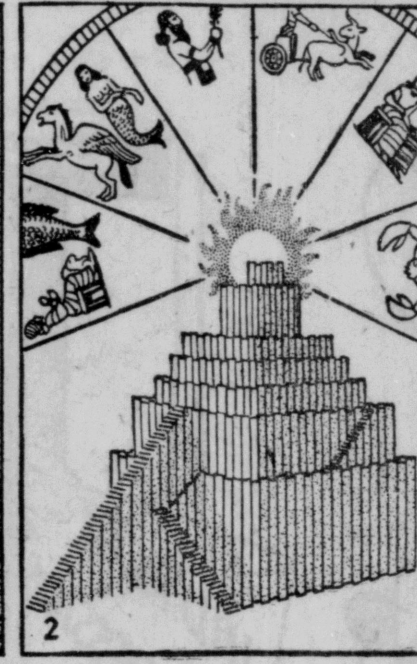

(1) To ancient man the stars must have seemed very close.

As agriculture was learned, the stars played an important part in his life. He recognized their regular movements with the seasons.

Later, man began to make gods of the stars. Then he transferred his earthly gods to the heavens. It was only natural.

(2) The Babylonians, from their temples, were first-rate observers. (The Tower of Babel was an observatory as well as a temple.) They saw that the planets seemed to move "through" the constellations. From this they devised the zodiac and the

pseudo science of astrology. For centuries, the superstitious man believed heavenly bodies guided his destiny.

(3) The Greeks early realized that the earth must be a sphere (Anaximander, about 600 B.C.). Pythagoras developed the idea further. He conceived the universe to be made up of layers, like an onion. Pythagoras had discovered the mathematics of music. He thought that as the Moon sphere, Sun sphere, planet spheres, etc., revolved about the earth and each other they produced harmonies—the "music of the spheres."

Other Greeks, particularly Hipparchus (c. 150

B.C.), noted the irregular movements of the planets. They questioned whether they did indeed revolve about the Earth.

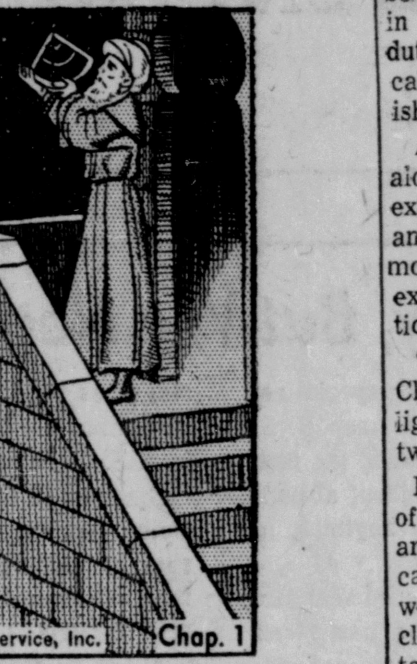

It remained for the great Ptolemy of Egypt, by an extremely complicated system, to put Earth back at the center of the universe and restore the harmony of the earlier Greeks.

(4) During the Dark Ages, the Arabs preserved and added to Ptolemy's science. Later they transmitted it to Europe. The Ptolemaic, earth-centered concept held sway over men's minds until the Renaissance. It then died a lingering death.

and said the conference "should be of great value to the Christian in performing his most pressing duty, namely, to live the liturgical life and to increase and cherish its supernatural spirit."

About 1,000 priests and sisters, along with 4,000 lay delegates, are expected for the sessions. Attendance at the masses and meetings, most of them open to visitors, is expected to bring the total of participants to 20,000.

The Cathedral of St. Peter in Chains will be the center of religious exercises, with masses twice daily.

Msgr. Robert J. Sherry, rector of St. Gregory's Seminary here and chairman of the 1958 liturgical week, said, "The liturgical week is planned for everyone, clergy, religious, laity. Protestants and Jews are welcome, too."

Liturgical Week

Opened by Catholics

CINCINNATI (AP) — Roman Catholic clergy and educators crowd into Cincinnati today to start four days of spiritual refreshment in the liturgy of their faith.

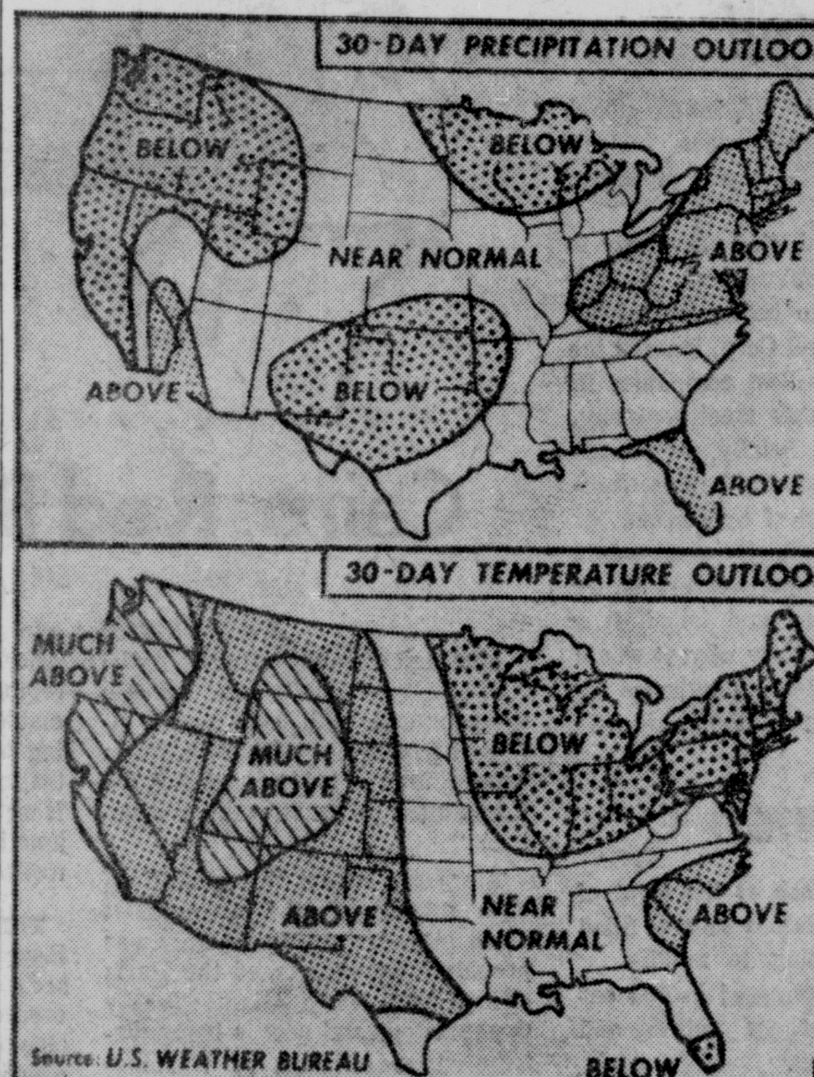

This is the North American Liturgical Week which originated here 19 years ago.

The general purpose of the week is to promote active participation of Roman Catholic faithful in the worship of the church.

The sessions include masses at which the priest will face the people; also lectures, demonstration, discussions and exhibits.

A pageant on the theme of the week — "The Church Year" — comes tonight. The conference closes Thursday after a solemn pontifical high mass celebrated by Archbishop Karl J. Alter of Cincinnati.

The archbishop termed the liturgy a "most sublime subject."

We Try, But We Need Help

According to Robert Murphy, the special envoy who is in the Middle East to keep U. S. diplomatic influence on an even keel, the new government of Iraq is as independent of both Communism and Nasserism as anything in that part of the world can be.

The State Department is convinced that Mr. Murphy's sizeup is accurate and has given diplomatic recognition to the new regime. The outcome of events in Lebanon, whose unsettled internal politics made a handy excuse of putting on a demonstration of willingness to intervene in the Middle East, also has proved reassuring.

The United States, officially, is teetering on the brink of an admission that it overestimated the amount of outside interference behind the internal disorders in Iraq and Lebanon. It is possible that Great Britain may make a similar admission about Jordan. In short, the

stage has been set for a lessening of the tension that was built up to the popping point by U. S. intervention.

Contrary to the stage-setting, however, the United States is continuing to build up tension by putting ashore more troops in the face of evidence that it overestimated the need for troops in the first place.

All of us who have been trying to understand official policy and giving Washington the benefit of every doubt in an attempt to be loyal to our national leadership are now more perplexed than ever. We need help.

It is plainer than it ever was before why U. S. policy must be a perennial perplexity to non-Americans who are under no obligation to give it the benefit of any of their doubts. Policy means "settled procedure," and what has happened in the Middle East has been neither settled nor settling.

All Listeners Will Be Interested

Among interested listeners for the Kefauver subcommittee's hearings on the rise in steel prices will be most assuredly, the steel-makers.

They must be as confused as their critics about their price structure. Moreover, they must be mixed up pretty thoroughly about the effect of the increases they have been announcing, now that the ice has been broken.

These are not across-the-board increases but selective increases, et, their effect will be anything but selective. One of the first effects was to raise the price of aluminum—all aluminum. And it's a sure bet that when users of steel "pass on" the new higher prices they will not pass them on selectively.

Aside from the impact of the prices, themselves, there is healthy curiosity in the

marketplace as well as in the Senate about the manner in which steel prices "stayed put," until Armco, seventh largest producer, broke the ice.

Alan Wood Steel Co. had tried previously to break the same ice without success; its proposed price raises had to be suspended indefinitely when U. S. Steel Corp. ignored the gambit of one of the smallest companies in the field, as did every other steel company. It then began to appear, briefly, as though the price of steel might actually be determined by competition, instead of by consent, or by wage contracts made with the steel union.

But Armco succeeded where others either had not tried or had tried and failed. It is a Senate investigation could show why, it would be assured of the most attentive audience for any congressional hearing in 1958.

Ritual Of The Hopeful Dry Dance

... And that is how the Hopeful Dry Dance started among the denizens of the waterlogged Fast.

It had rained so much for 40 days and nights that the dove was coming back with a frog in its throat. Moss was growing on all four sides of the trees that were out of water.

Every family with a basement had a swimming pool to hip-boot. Fishworms were making themselves comfortable above ground. People who weren't dry behind the ears were the rule, not the exception.

"It will blow over," chortled the hearty Pollyannas, just before going down for the third and last time. But when it didn't blow over, someone suggested the Hopi Indians might have got hopped up and overdone their Rain Dance so why not try counter-voodoo with a Dry Dance?

... And that is how the Hopeful Dry Dance started.

THE IDEA was to appease the bilious gods of weather who were rumbling with wrath because of too many Explorers and Sputniks.

First to appear were 76 farmers on grain combines, chugging on a soggy carpeting of crumbled-up graham crackers strewn in their path by 152 beautiful girls in water wings.

Next were 210 house painters with ladders and brushes, walking on pages of The Congressional Record showed from low-flying airplanes in an attempt to dry up the line of march.

Behind the painters were two dozen lumbering bulldozers and graders whose operators were all wearing mourning bands and distributing blotters to the spectators.

A moan went up as 500 householders marching 10 abreast and guiding power mowers came into view, with all their engines chugging.

Once Over

It's hard to see any deep mystery in the Tiffany \$160,000 gem robbery. The solution is obvious. First of all New York at 5 a.m. on Sunday is a prairie town, with Fifth ave. a deserted footpath. There are so few people around it is certain this was a one-man job. He would have trouble locating a second human being at that hour.

There's nothing strange about this Tiffany plate glass being smashed unnoticed. At 5 in the morning who can be awakened. A cop hearing the crash would repeat the famed W. C. Fields crack "Mice!" Yes, this was a one-man robbery and we make these deductions: 1-The guilty man had been at an all-night party and his "head" was capable of busting any window, without sledgehammers; (2) He fell and was astonished to find his face in a store window; (3) Dazed, he assumed it was an "Automat" window, there being so many in Gotham.

HEARING THE CLATTER he thought all the glass fronts in the Automat had flashed open at once. Pretty muddled, he decided a little food wouldn't be bad and reached for baked beans. He got a fistful of something much too cold for baked beans but ate what he could and took the rest home in case the wife refused to cook him breakfast.

One of the jewels "represented the early morning sun chasing the stars." Had the man the least idea of this it would have added to his befuddlement.

Safety With Guns

A group of Salem boys are becoming expert marksmen as well as learning the necessary rules of gun safety, thanks to the efforts of officers and leaders of the Salem Hunting Club.

The club has started another course in gun safety for local youths, schooling the boys in the safe way to handle firearms. All guns are "loaded" as far as the school directors are concerned and by following this precept the boys are benefited by a thorough program of instruction on the handling and discharge of guns, as well as their care and maintenance.

The Salem Hunting Club is to be commended for its interest in making boys not only better marksmen but cautious hunters.

He remembers nothing at all about a Tiffany window and thinks the necklace was worn by a dizzy blonde he got chummy with at the all-night party. He wonders if she remembers him and could describe him to the police.

Cairo, Red Bridgehead to Africa

By DAVID BARNETT

WASHINGTON — Although President Gamal Abdel Nasser "probably" has become disenchanted with communist offers of friendship, "Egypt has been turned into a bridgehead for the Communist thrust into other countries."

These are among the conclusions of a survey of the Communist drive into Africa. The survey was prepared by experts of the Paris office of the North Atlantic Treaty Organization and now is being distributed to officials in Washington.

The report states that the Soviets have emphasized that they have given aid to Egypt even though it is a country in which the Communist party is banned. Secretary of State John Foster Dulles is being criticized in Washington for his tendency to see the Moscow hand behind most outbreaks of Arab nationalism in the Middle East.

The NATO report gives details of Communist attempts to take over the nationalist drive in the area but downgrades the possibilities of coups based entirely on Red groups. The report notes:

"With only small, mainly illegal, Communist parties there is at present little scope for building up a mass movement in Africa capable of seizing power."

"From the Communist point of view, it is therefore essential to

win over the rising generation of Africans and the working class in regions where it exists in appreciable numbers. The task of paving the way for Communist penetration is left to Communist - led front organizations acting in conjunction with the Communist-controlled trade unions.

THE REPORT STATES that Egypt has been forced by Nasser's anti-Western policies into increased dependence on the Soviet bloc economy. The Soviet Union now is Egypt's main trading partner. Communist China is second and Czechoslovakia is third.

The Communists, the report continues, thus "have gained influence over a profoundly anti-Communist regime, have infiltrated large numbers of technicians and teachers into the country and now have a fully-fledged front organization based in Cairo."

The front organization is the newly organized Afro-Asian people's solidarity council which, the NATO experts say, acts "as a channel through which infiltration and subversion into the Middle East and the more distant African territories can be carried out."

In African territories still under European control, the survey reports the Communists also are using other front organizations such as the World Federation of Trade Unions (WFTU), The World Peace Council and various Communist - sponsored youth organizations such as the World Federation of Democratic Youth (WFDY) and the International Union of Students (IUS).

Political penetration of Africa, Political penetration of Africa, the report says, is being based on realistic studies of the continent at the Institutes of Ethnography and Oriental Studies of the Soviet Academy of Sciences.

MOSCOW RADIO last year reported that the Institute of Ethnography was publishing 55 books on "the struggle of the peoples of Africa against colonialism and for their rights."

Communist propaganda in Africa ranges from emotional appeals to local nationalism to aid-and-trade and Afro-Asian solidarity, the survey states.

The Surrender Furor

By DAVID LAWRENCE

Ike Reflects Sentiment Of Nation

Why all the surprise at the talk of surrender Members of Congress are astir because a theoretical study of the advantages and disadvantages of surrender in case of nuclear war has suddenly become news.

It attracted no such attention when the whole study, made by a private organization and financed by the United States Air Force, was made public in book form two and a half months ago.

But there should be no surprise at the discussion of surrender concepts. Several members of Congress themselves have in past month been unwittingly bolstered the surrender idea.

The talk of stopping nuclear tests, for instance, could result in a surrender psychology, because it aims at giving a potential enemy the privilege of continuing tests clandestinely, since there are no sure means of detecting whether he is or is not cheating.

The talk of the horrors of nuclear war and that America cannot survive and must choose between some kind of negotiated agreement or destruction is also a kind of surrender talk.

The talk of disengagement of American forces stationed in Europe is surrender talk in the guise of peacemaking. For, if American troops are withdrawn from Western Europe, it means that they cannot get back there as quickly as could Soviet forces which, by agreement, had previously withdrawn from Poland and nearby countries.

The talk of Red China's admission to the U.N. Security Council, thus forfeiting Chiang's army of 300,000 men on Formosa, involves virtually a military surrender in the Far East.

THE TALK DERIDING massive retaliation is related to the surrender concept. For, if the United States does not speak from strength, its position before the world can be weakened and a miscalculation by the enemy can ensue.

The talk of appealing Nasser and giving him what he wants in the Near East is surrender talk.

Much of this emanates from Congress and particularly from those who seem to be sniping constantly at Secretary of State John Foster Dulles. He is derisively accused of brinkmanship, although he is a statesman of rare courage who doesn't flinch before the Communists.

Another weakness on the Allied side is in Europe itself. Members of the British Labor party repeatedly declare they do not want America to be given the use of missile bases in Britain.

The same kind of political opposition is heard in other Allied countries. It heightens the belief that some form of surrender is being preferred to war. Indeed, many prominent churchmen openly say as much.

THE PRESENT FUROR in Congress over surrender concepts is

based on a book written by Paul Kecskemeti for the Rand Corp., a scientific agency operated by various universities on a financial grant from the U.S. Air Force.

It isn't an official document but a scientific study by a private organization. The paragraph which gives rise to the present discussion reads as follows:

"We must also mention the possibility that a power might develop a perfect winning strategy for all-out nuclear war, i.e., the strategy of a first strike that eliminates all significant retaliatory capabilities on the adversary's side."

"Needless to say, a power whose enemy develops strategic capabilities of this sort is in mortal danger: the enemy can, if he chooses, eliminate that power with relative impunity."

"Once this happens, strategic surrender — at least strategic surrender of the classic type discussed above — will be irrelevant."

"But this kind of situation points to the possibility of surrender of a different sort; surrender without fighting. If one power has a monopoly of such a winning strategy, and its adversary knows it, a mere threat of attack might induce the latter to surrender politically."

The key words are "surrender politically" and that's what many journals and spokesmen of appeasement are unwittingly advocating nearly every day.

THEY HAVE ridiculed massive retaliation from the beginning.

They have insisted that America must take the first blow in a nuclear war.

They have ignored the fact that the Soviet Military journals for the last several years have conceded that their official strategy requires the striking of the first blow.

It would be suicide, therefore, for the West to wait till the enemy has poised his attack before setting in motion a strategy of active defense.

The United States today keeps its strategic bombing planes in the air 24 hours a day and has radar warning lines in Canada but it also has overseas bases from which a devastating counterattack could be made — provided our allies let us use them.

Soviet Russia is striving hard to prevent their use by us and also has almost succeeded in pushing us to the point of stopping nuclear tests. By its propaganda crusade and strategy of terror, the Communists are making headway.

The most reassuring statement to counter all this has just come from the President of the United States in his speech to the U.N. General Assembly last Wednesday.

He said there is "danger that nations under aggressive leadership will seek to exploit man's horror of war by confronting the nations, particularly small nations, with an apparent choice between supine surrender or war."

Mr. Eisenhower undoubtedly reflects the sentiment of the American people that they would make any sacrifice rather than accept "supine surrender."

It's salutary to have the air cleared by the President of the United States so that there need be no miscalculation by anyone in the Kremlin.

Farm Market Expands

By KENNETH SCHEIBEL

One of these days Europeans may drink American orange juice for breakfast, eat New Jersey vegetables for lunch and top it off with a dinner dessert of New York peaches.

This prospect is the result of U. S. farm group's plan to expand foreign trade — without the help of government planning.

The American Farm Bureau Federation has announced it will open a U. S. agricultural trade center at Rotterdam. The target date is October.

AFBF President Charles B. Shuman says the trade center staff will work with private traders, private producers and cooperative and other agricultural groups interested in export sales.

"The main function of the Farm Bureau trade center will be to facilitate sales of agricultural products abroad," Shuman said in announcing the program.

"The trade center also will provide a European wide listening post for the gathering of trade intelligence and trade opportunities. We in Farm Bureau are convinced from our past experience that the best way to expand markets abroad is through private trade channels," he declared.

In postwar years various government-subsidized programs have bolstered U. S. farm exports. Included are Public Law 480, International Wheat Agreement, Mutual Security and other subsidized programs, costing billions of dollars.

As Shuman sees it these programs filled a need when foreign

nations were short of dollars and economies were being re-established.

Now the time has come, he believes, to put trade on a private basis for the long-term pull.

The Farm Bureau center at Rotterdam is expected to work with U. S. agricultural attaches in all countries and set up an information network among private trade interests.

The American farmer has a stake in the program, with produce from one out of ten acres being exported.

"Nearly every farmer gains when we expand our export markets," Shuman says. "One reason is that larger markets mean higher net income."

Western Europe has 200 million possible customers for U. S. farm products.

Cost of the trade center may be about \$30,000 a year, with expenses and staff held to a minimum at first.

When the government gets out of the picture major crops as cotton and wheat will have their own trade programs abroad. But other commodity groups won't be able to swing a program so elaborate.

Shuman expects that these smaller crops will turn to the trade center at Rotterdam for sales opportunities.

Woman Injured As Auto Strikes Pole

A Canfield woman was injured Sunday morning when her car crashed into a utility pole in one of two weekend accidents investigated by the highway patrol.

Vera Tomb, 40, of 211 W. Main St., Canfield, was treated at South Side Hospital, Youngstown, for deep lacerations of both knees and contusions of the head.

Patrolmen said she lost control of her car on Rt. 224, two miles east of Canfield at 12:30 a.m. Sunday, and went off the right side of the highway. The car hit a pole and a mail box.

In a second accident, Robert T. Larson, 19, of Ambridge, Pa., was arrested for failure to stop in the assured clear distance after a two-car collision at the intersection of Rts. 14 and 170 in Unity Saturday at 10 p.m.

A car driven by Robert Mentzer, 31, of Centerville, had stopped to make a left turn at the intersection when an unidentified vehicle followed by Larson approached the Mentzer vehicle too fast, the patrol said.

The unknown vehicle cut sharply to the right and went around the Mentzer car, but Larson's car crashed into the rear of the Mentzer car.

Mrs. Leta Dinardo, 21, Warrensville Heights, when the car driven by her husband of one day and another auto collided at an intersection of Ohio 88 and 534 about 15 miles northwest of Warren.

Emmy Lou Wind, 17, Cleveland, drowned in Lake Erie near the mouth of the Chagrin River after a boat capsized.

Cline Cogar, 1, Grantsville, W. Va., drowned while being baptized in Beaver Creek near East Liverpool.

Mrs. Mary E. Thornton, 58, Kettering, in a two-car crash near Waynesville (Warren County) at the intersection of Ohio 73 and Lytle Road.

Sherry Harmon, 7, when she ran into the street and was struck by a car in front of her home in West Union.

Thomas Baker, 61, Cincinnati, of injuries received Saturday when his car hit a guard rail on U.S. 42 three miles northeast of Xenia.

Charles Demaline, about 30, Stony Ridge, drowned or was fatally injured while water skiing when struck by another boat as he was being towed on the Maumee River about a mile west of the Grand Rapids Dam in Henry County.

rence Hoyle of 1371 S. Woodland Ave. She had been ill a year.

Born in North Liberty, Ind., Nov. 25, 1861, she was the daughter of George and Lavina Stull Ruggles.

For the past 32 years Mrs. Miller resided in Alliance. She previously lived in the vicinity of Berlin Center. She was a member of the First Methodist Church of Alliance.

In 1902 her first husband, William F. Hoyle, died; her second husband, Oliver Miller, died in 1928.

Survivors include two daughters, Mrs. Ada Mangus, and Mrs. Mabel Hoffman; one son, Lawrence Hoyle; 14 grandchildren, 22 great-grandchildren, and 11 great-great-grandchildren, all of Alliance.

Funeral service will be at 1:30 p.m. Wednesday at the Cassaday & Turkle Funeral Home, with the Rev. Roy Smith officiating.

Burial will be at Berlin Center. Friends may call at the funeral home on Tuesday from 7 to 9 p.m.

He talked for 2 1/2 hours Sunday night with U.A.R. Foreign Minister Mahmoud Fawzi, who afterwards met with Indian Delegate Arthur Lal.

Lall later said the Norwegian resolution "does not seem to be generally acceptable in its present form." But he added he could not say how India would stand on it until it was in final shape.

A U.A.R. spokesman said Fawzi had not accepted any resolution before the Assembly and would express an opinion only in the Assembly.

of 300,000 parts could make the missile do what this one did.

Asked if the failure would harm U.S. prestige as did the Dec. 6 launch-pad explosion of the Vanguard test vehicle, Johnson replied, "I think the people know this time that we had long odds against us on the first try."

"We'll keep trying and the odds will get better as we go along."

This was the first of five lunar probe attempts ordered for this year, three by the Air Force and two by the Army. The rocket contained equipment to transmit pictures of the moon back to earth.

The relative positions of earth and moon are most favorable for moon rocket launching from any site only three or four consecutive days each month. Because of the 2 1/2 days required to travel the 250,000 miles from earth to moon, the rocket must be aimed at a theoretical point far ahead of the moon.

The sun rising in a cloudless and moonless sky focused upon the tallest rocket ever fired in this country, a white-bodied, silver-tipped 88-footer.

At 7:18 a.m. the base of the rocket suddenly spouted yellow flame. Steam billowed out in a rolling cloud, and the 55-ton missile roared upward—straight and steady.

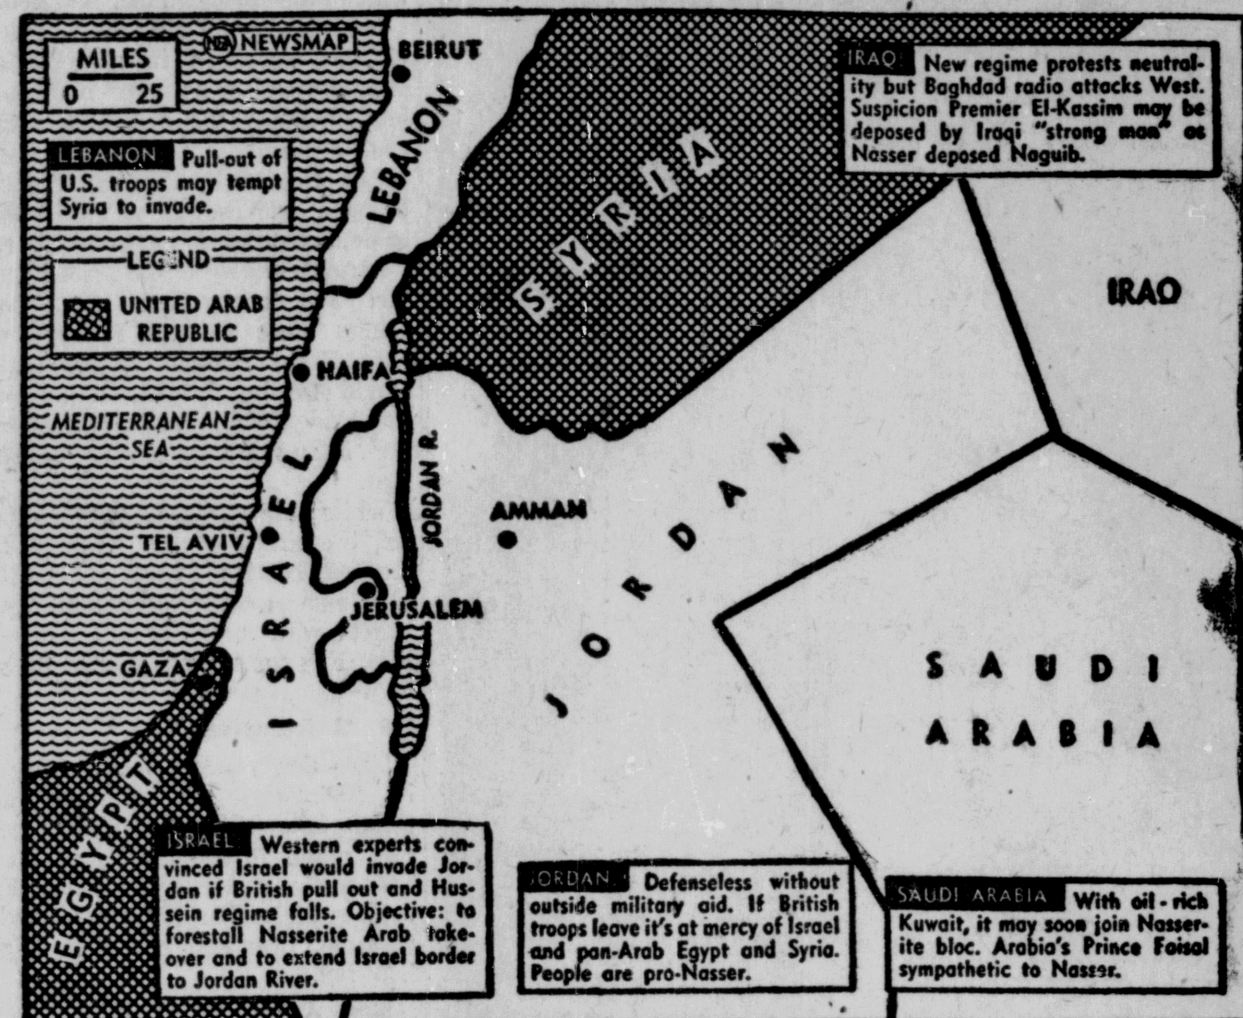

The plan called for the Thor Rocketdyne engine to produce its 150,000 pounds of thrust for a burning time of 157 seconds. Then the spent hull would drop away and the Aerojet-General engine of the Vanguard second stage would take over.

Hugh Bowmans Attend Extension Conference

Mr. and Mrs. Hugh Bowman of Berlin Center attended the State Extension Advisory Committee meeting at the State Fairground Youth Center, Columbus last week.

The theme for the two-day meeting was concerned with areas of major emphasis by the Agricultural Extension Service in the years ahead.

Mrs. Bowman has served on the Mahoning County Extension Advisory Committee for a number of years and was the first Mahoning County delegate to the State Extension Advisory Committee when it was organized during early 1950.

Mrs. Bowman is also past president of the State Home Demonstration Council. Mr. Bowman is a member of the Canfield Fair Board and is immediate past president.

These delegates will report on the state meeting to the Mahoning County Extension Advisory Committee meeting tentatively scheduled for September. Wade Wehr of Beaver Township is chairman and Mrs. Bowman secretary of this group.

Whitten-Budai Vows Heard Saturday in Romanian Church

The Saturday afternoon nuptials of Miss Joan Elaine Whitten and Nicholas Budai Jr. were solemnized in St. John's Romanian Orthodox Church.

Miss Whitten is the daughter of Mr. and Mrs. Paul Whitten of 238 W. 5th St. Mr. Budai is the son of the late Mr. and Mrs. Nicholas Budai Sr.

The Rev. Traian Vintila of Warren, pastor, performed the double ring ceremony before an altar setting of palms, candelabra and grape ivy. Vase arrangements of white gladioli, white carnations and pompons completed the chancel decorations. White satin bridal bows marked each pew.

Mrs. Esther Odoran of Salem was organist and accompanied the soloist, Miss Martha Stein of Salem, who sang "Because," "The

Lord's Prayer" and "I Love You Truly."

Escorted to the altar by her father, the bride was attired in a gown of imported white Italian silk and Chantilly lace, fashioned long princess lines with short cap sleeves. Seed pearls and Chantilly lace trimmed the Sabrina neckline. The lace extended into a widening panel down the front of the gown.

A tiny tiara crown of seed pearls held her fingertip illusion veil. Her wedding bouquet was a cascade arrangement of stephanotis, white feather carnations and pink pinocchio roses.

Attending the bride as maid of honor was Miss Teresa Stokovic of Salem. She appeared in a street-length gown of white lace over aqua silk created with a scooped

neckline and an aqua silk organza cummerbund. Her matching crown was embellished with sequins and featured a circular veil. Pink carnations, pink pinocchio roses and adiantum formed her cascade bouquet.

John Stolta Jr. of Salem was best man. The ushers were George Puica of Warren and Arthur Bridge of Pittsburgh.

Mrs. Whitten's ensemble consisted of a poudre blue lace sheath with matching accessories and a corsage of pale pink pinocchio roses.

Reception Is Held
Two hundred guests from Salem, Alliance, Canton, Akron, Cleveland, Barberton, Warren, Hollywood, and Sacramento, Calif., Detroit, Youngstown, Mansfield, Sharon and New Castle attended the reception in Romain Hall. Helen Stokovic of Salem registered the guests.

The receiving line was backed by palms, candelabra, fern, grape ivy and two seven-branch candelabra. Vases of mixed white flowers decorated the hall.

An arrangement of white and pink pinocchio roses graced the bride's table. The three-tiered wedding cake was trimmed in pale aqua and was topped by a bride and bridegroom music box. Adiantum, stephanotis and pink pinocchio roses surrounded the base of the cake.

The couple are graduates of Salem High School. Mrs. Budai was employed in the accounting department of Youngstown Kitchen Division before her marriage. Mr. Budai attended Ohio State University and is employed as Akron sales manager of the Continental Coffee Co.

The newlyweds are flying to Miami Beach and Havana for their wedding trip. Following their trip, they will reside in Akron. Virginia Weese of Sacramento, Calif., sister of the bridegroom, was hostess at the rehearsal dinner Friday night. The couple presented monogrammed gifts to their attendants.

The couple were recently honored at a dinner party in Akron, given by business associates of the bridegroom. They were presented sterling silver candelabra.

MRS. GLEN McFEE of the Sebring-Pine Lake Road was hostess to the C and C Club Wednesday evening.

Plans were discussed for a winner roast and miniature golf outing later this month. Game prizes were shared by Mrs. Harold Morrow and Mrs. Robert Miller.

The Sept. 17 meeting will be at the home of Mrs. Miller of 239 E. 9th St.

TRI-FRI CLUB members were guests of Mrs. Bruce Krepps recently at her home on Middletown Road. Nancy Boals was a guest. Games were enjoyed, and prizes went to Mrs. Mahlon Hippley, Mrs. Robert Ruthrauf and Mrs. Larry Weingart.

The president, Mrs. Hippley, conducted the business session, and the minutes of the last meeting were read by the secretary, Mrs. James Moracco.

Lunch was served by the hostess. Mrs. Huber Weingart will entertain the club Aug. 29 at her home on RD 4, Salem.

THE ELLSWORTH ROAD Club held its annual family picnic Thursday evening at Centennial Park. There were 29 in attendance. The Sept. 11 meeting will be at the home of Mrs. Henry Hollabaugh of Ellsworth Road.

A SURPRISE bridal shower was held Wednesday evening in honor of Mrs. Lee Shafer, the former Miss Betsy Herr. Mrs. Richard Wyss of RD 1, Salem was hostess to the 17 guests from Leetonia, Columbiana, Deloit and Salem.

Games provided the entertainment. The buffet table was decorated with a miniature bride and bridegroom and candles. Favors topped with miniature umbrellas.

A LUNCHEON WAS featured when Mrs. R. H. Dankle entertained the Damascus Garden Club Thursday.

Eighteen members answered roll call by naming the most treasured thing in their garden.

A request was received from the Youngstown Garden Forum for the club to enter an arrangement in the Maroning County Fair.

An invitation was extended to members to attend a meeting of the Salem Garden Study Club Sept. 2 at the Ruth Smucker House. A local florist will present a program on flower arranging.

The Louisville Garden Club invited the club to its 18th annual flower show to be held Sept. 11 at the Louisville public school.

Mrs. J. P. Hutz of Niles, guest speaker, was introduced by Mrs. Alton Bye, program chairman. Her subject was "Sticks and Stones" in which she demonstrated an arrangement made from her collection of sticks and stones.

The next meeting will be Sept. 11, with Mrs. L. L. Root as hostess.

COLUMBIANA

High School Cafeteria May Not Be Finished By Sept. 3

COLUMBIANA — The Board of Education faces a busy session tonight in its final meeting before the opening of school Sept. 3.

Supt. D. W. Bailey will present a progress report on the extensive summer program of additions, alterations and renovations. Major question mark is the completely remodeled, enlarged and newly-occupied high school cafeteria and dining hall. Considerable work remains to be one and the superintendent is not at all certain it will be completed by class-time.

Other work at the high school is in pretty good shape with unit heater-ventilators installed in all but one room, walls and floors refinished or repainted and new equipment and furniture on hand. The four-classroom addition at Dixon elementary school also is causing some concern. However, Bailey said it could easily be completed by Sept. 3 since the flooring and lighting work which remains should move quickly.

ABOUT 200 foster children wards of the Columbiana County Department of Welfare and their foster parents are expected at the Rotary Club's annual outing to-night at Firestone Park. A project of Rotary for the last 15 years, the outing includes a big meal, swimming, games and pony and survey rides for the youngsters. Jack Weyman and Randall Sigle are co-chairmen for the event.

A corn roast will be held at 7:30 p. m. Wednesday at Pavilion 1 in Firestone Park by the Home Builders Class of the Methodist Church. Food will be provided by the committee in charge — Mr. and Mrs. Philip Horton and Mr. and Mrs. Donald E. Leonard.

Social Security Bill Decision Facing House Members

WASHINGTON (AP) — The House faces a decision on what to do about a bill that would boost payments to some 12 million persons now drawing Social Security benefits.

The question before the House is whether to accept amendments adopted by the Senate in a move to avert a possible veto by President Eisenhower.

If acceptance is voted without sending the bill to a Senate-House conference the measure will go to the White House.

The House on July 13 passed a bill to grant a 7 per cent increase in benefits. The vote was 375-2. The Senate last Saturday approved a similar 7 per cent benefit boost in passing a Social Security bill by a 79-0 vote. However, the Senate pared increased federal grants to the status for four public assistance programs to 197 million dollars.

As approved by the House, these grants would total 288 millions. The programs are for the needy, the aged, blind, and disabled and dependent children.

Sen. George A. Smathers (D-Fla.), sponsor of amendments cutting the public assistance grants, said he was certain their adoption would prevent a veto.

The Eisenhower administration has been urging that the federal government reduce, not increase, its share of the assistance programs.

Benefit increases for retired persons and recipients of survivor and disability benefits would start in checks received next February.

However, the 75 million persons now contributing in payroll taxes to the Social Security system would have their rates increased next Jan. 1. The maximum boost would be \$25.50 a year each for employee and employer.

Social Security insurance beneficiaries now on the rolls would have their checks increased by an average of about \$4.75 a month.

The monthly range of benefits, now \$30-\$108.50 for an individual, would go up to \$33-\$116. After several years the maximum individual benefit would rise to \$127.

MEETING IS CANCELED

The regular meeting of Perry Grange scheduled for Wednesday night has been canceled due to the Columbiana County Fair.

Here and There In Our Town

By DONNA AGAN

Mrs. Earl Sulea of 534 W. 6th St. returns today from her month's visit in Romania. It had been 23 years since Mrs. Sulea saw her people in the village of Parau where her mother, father, brother and two sisters live.

Salem's junior astronomers feel that the loss of sleep is worth it when in one evening they counted 326 meteors. On Tuesday night last week occurred the famous Perseid meteor shower, which is the best of the year. Camping out all night in a field up on Painter Road were Vincent Taus, Bob Broomall, Tony Everett, Gordon Scullion, Fella Carlos, Fred Ashead, Kenny McArtor, and David Carroll.

This spectacular Perseid Shower is called such because the meteors radiate from the constellation Perseus, according to Vincent Taus. O Saturday night the boys counted another 47 meteors, and if the visibility last week had been better, the boys would have had quite a report to send to the National Research Council in Ontario, Can., for the International Geophysical Year observations.

VINCENT SAID THAT the boys, along with Andy Anderson of Stewart Road, saw Sputnik II Saturday night at 10:25. It appeared last night at 10:06, and if clear tonight it will be seen at 1:43, according to Vincent's calculations. He says it looks like a zero to first magnitude star, and seems to come out of the Big Dipper to make an arc into the southeast. Also, Vincent says, it will appear to blink on and off every nine seconds, which is the effect of the satellite's turning over.

Sunday morning the boys had hoped to catch a glimpse of our first moon rocket if weather and orbit had been favorable. Vincent said they started their observing as soon as the count-down was announced over radio. But along with the whole country they were disappointed.

MR. AND MRS. FERRIS Lightfoot, now of Roswell, N. Mex., who recently visited with Mr. and Mrs. Alfred Stratton of 615 E. 7th St., have a deeply-rooted Salem background. Mrs. Lightfoot is the former Euella Getz. Her parents were Mr. and Mrs. Jesse Getz of E. State St.

Mr. Lightfoot is the grandson of Daniel Koll, founder of The Victor Stove Co.; nephew of the late Mrs. Hannah Koll, founder of The Home For Aged Women; cousin of Mrs. Mary Koll England, Miss Katherine Gibson, and William K. Gibson, who works for the Youngstown Vindicator. His parents were Mr. and Mrs. Benjamin H. Lightfoot; his mother, the daughter of Daniel Koll. His step-grandmother, Mrs. Mary Koll, many will recall for she lived to be over 100 years old.

CHILDREN DIE IN FIRE

WHITTIER, Calif. (AP)—"Because it had more room, we thought it would be an ideal place to raise the kids," said Gillian Roberts, explaining why he'd moved his family into a new home a week before fire gutted it, killing two of the children. Firemen blamed a short-circuit in a clothes dryer for starting the blaze.

Project for Fall Day: Bring Order Out of Garage Chaos

If there are times when you have to leave the car standing in the drive because your garage is cluttered, the situation has really gotten away from you. Better remedy it before winter.

First of all, determine how much space is needed to park the car.

Allow for clearance so that doors can be opened easily on both sides.

Chalk marks on the floor will serve as temporary reminders while you get things arranged.

TRY TO KEEP as many things off the floor as possible. If your garage has a gable roof, there's waste space right over your head. A floor or partial floor will hold a great deal.

Joists of 2x6's or 2x8's about 16 inches apart will support quite a load.

In a one-car garage, lack of space may not permit floor storage.

Shelves at each side of the garage can be supported from the roof rafters.

If the walls are open, shelves can be set between the studs. Make shelves from scraps of wood. Fasten them in place with small angle irons. Space shelves so that they'll hold objects of many sizes.

THEY'RE IDEAL FOR small cans of paint, jars of nails and screws, and other odds and ends.

One or more peg board nailed to studding will give you an area on which to hang outdoor tools. If small fry frequent the garage, take precautions that will prevent them from pulling tools down on their heads.

A short piece of leather, webbing or chain should be secured to the wall so that tool handles can be slipped behind it.

Arrange tools so you can get to them easily, and keep the arrangement flexible.

Keeping wet tools off the floor will prevent hard-to-remove rust stains on concrete.

A short piece of wood nailed to one of the studs so that it's at right angles to it will take care of the garden hose. File and sand off the rough edges.

Lightweight, folding lawn chairs can be stored the same way.

IF YOU KEEP all the small objects off the floor you'll have room for larger items—baby carriage, bicycle, power mower, seed spreader.

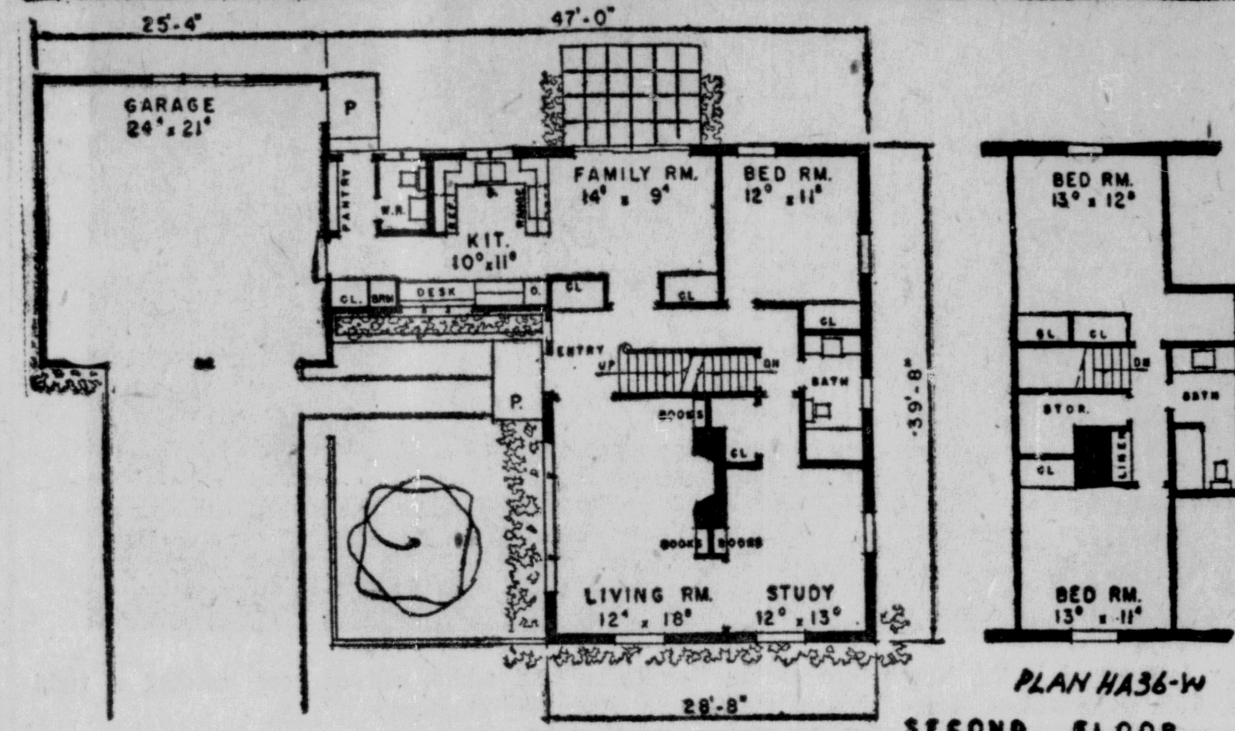

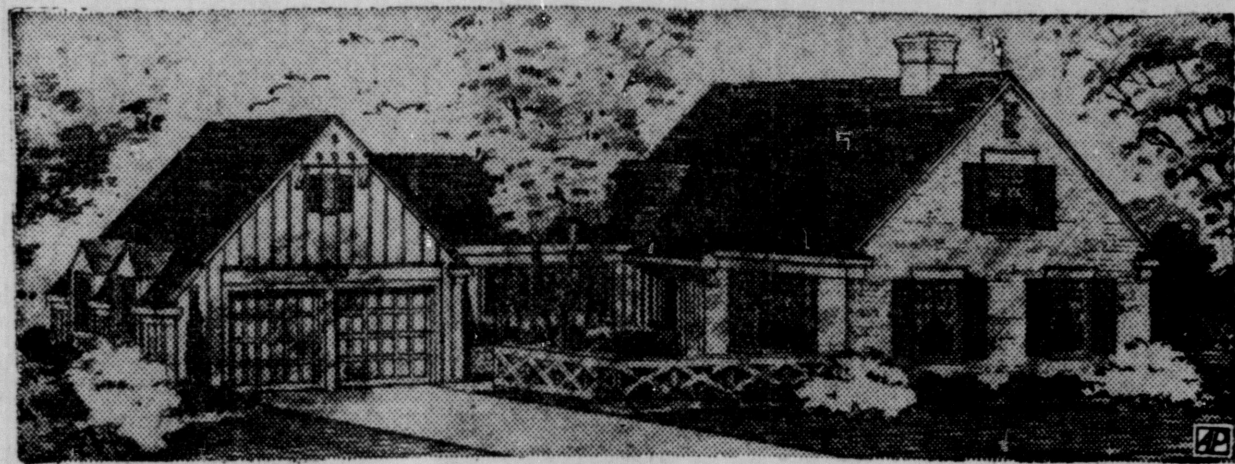

Once the garage interior is straightened and cleaned, keep it that way. Hang a push broom in a convenient place. Paint the floor with silicone compound made for concrete or with durable deck paint.

Wash off grease spots as soon as they appear.

Weather-stripping the door will keep rain, snow and dirt from blowing in. A special rubber gasket can be purchased for this purpose.

You can make one of your own with an old length of garden hose. Slit one side so that you can fasten it to the bottom of the door through the inside of the hose.

When you're finished putting the garage in order, you'll find that you have more space than you thought you had. Now resist the temptation to fill it.

THIS STORY AND A HALF CAPE COD has seven rooms and 2½ baths on two floors with a total of 2,047 sq. ft. The quiet areas are remote from the active areas. The basement area includes laundry room and space for a recreation room. The plan, HA36-W, is by Architect Clifford N. Wright, 16310 Grand River Ave., Detroit 27, Mich.

Here's The Answer

QUESTION: In putting down linoleum over a concrete floor, is it necessary to use felt under the linoleum?

ANSWER: Felt should not be used under linoleum being put down on a concrete floor. Furthermore, the linoleum itself should not be placed on concrete unless you are absolutely sure the concrete is completely dry and will remain that way.

QUESTION: After making a patch in a plaster wall, what should be done to the patch to keep it from bleeding through the paint that is to be put on?

ANSWER: You can neutralize the alkali in the new plaster by applying a solution containing from 2 to 4 pounds of zinc sulphate to gallon water. Or you can seal in the alkali with a coat of pigmented sealer or shellac.

QUESTION: I have a concrete project coming up in which it will be necessary to use wooden forms. I know the inside of the forms should be oiled so they will separate easily from the concrete after it has hardened. Is there a particular kind of oil that should be used?

ANSWER: Almost any kind of oil or grease will do. One man I know, who does a considerable amount of this type of work, saves the old crankcase oil from his car and used it just for lubricating the inside of wooden forms for concrete jobs.

QUESTION: We had the foundation and framework of a garage built by a contractor and now intend to put up the stringers ourselves. Should we use ordinary building paper or asphalt felt under the shingles?

ANSWER: If you are using wood shingles, then building paper is proper. If you are using asbestos shingles, then asphalt-saturated felt is the correct material. No matter which you use, put up only as much as will be covered by the shingles the same day. Otherwise, a storm during the night might ruin the paper or felt before it has the protection of the shingles.

This And That

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

That for the first time in this century America is growing timber faster than it is being removed from the forests.

That one in every 700 children is born with a cleft lip or palate.

That if dogs kept people they probably would never pat them on the head because most dogs don't like to be patted on the head themselves. They'd rather be scratched.

That nearly 30,000 Americans are injured in accidents every day, or about 20 a minute.

That the Kiwanis Magazine reports this sign on a mortician's office door: "Pay now, go later."

That the oldest gem known to man is the pearl.

That one way to get rid of dandelions is to keep rabbits around your house. They love dandelion roots, plus everything that grows in your garden, to.

That the crusty Duke of Wellington once closed a letter of reprimand to one of his officers as follows: "I have the honor to be, sir, your humble and obedient servant (which you know damn well I am not), Wellington."

That if you're on a diet, sipping a little water between meals is supposed to help still your hunger pangs. This may work with you; it doesn't with me.

That it takes nature from 500 to 1,000 years to form an inch of topsoil.

That the strawberry isn't a true berry. It belongs to the same plant family as the rose.

That the first person to wear silk stockings was a man, French King Henry II introduced them to his court in 1559, and Queen Elizabeth of England started wearing them two years later.

That a full-grown ruby-throated hummingbird weighs about the same as a penny.

That the longest recorded flight by a homing pigeon was from France to China, 7,200 miles.

That Joseph Haydn, known as "the father of the symphony," had a wife who didn't appreciate music. One of her annoying habits: Cutting up his completed, musical scores to make curling papers for her hair.

That Benjamin Franklin went to school for only two years but taught himself algebra and geometry and how to read French, Italian, Latin, Spanish and German.

That American housewives spend 65 million dollars a year fighting moths.

That there's a Winchester Hotel in Rifle, Colo.

That Herbert Hoover has lived longer since leaving office than any ex-president in history. The previous longevity record of 25 years 4 months was held by John Adams.

That some 300 Indians live in New York City, largely in Brooklyn. Most are members of the Mohawk tribe and put up the

steel in skyscrapers and bridges.

That the real name of British actress Diana Dors is Dora Fluck.

That actress Fran Beck Jr., says: "A small town is one in which even if you get the wrong number, you still have a conversation."

That it takes more than 250 pounds of roses to make an ounce of attar, a perfume base.

That it was Kin Hubbard who observed: "It's pretty hard to tell what does bring happiness; poverty and wealth have both failed."

Bob Kyasky and Glenn Davis were the fastest football players in Army history. Both ran the 100-yard dash as trackmen in 9.7.

Patterson 6-1 Favorite In Title Fight With Harris Tonight

Theater TV To Carry Bout

Challenger Unbeaten In 22 Previous Bouts

LOS ANGELES (AP) — Undeclared Roy Harris from the picturesque community of Cut and Shoot, Tex., tonight takes aim at the heavyweight boxing championship of the world against the heavily favored titlist Floyd Patterson.

The 25-year-old schoolteacher, who enjoys walking barefooted, battles the New Yorker over a route of 15 rounds or less in Wrigley Field starting at 8 p.m. (PDT).

Clear weather was forecast with theater television carrying the bout to 115 cities, with no home TV nor radio.

Odd favoring the champion for this third title defense were quoted at about 6-1 to win and 3-1 to score a knockout but little wagering action was evident. Still Patterson could find himself against his toughest foe to date, a rugged opponent with 22 straight victories.

Harris hails from the woody Big Thicket country 40 miles from Houston. He remains a mystery man to most since all his bouts have been in his home state and he's never appeared on national television.

The challenger was expected to weigh in today at 192 with the speedy champion at 186. On the financial side, Harris collects a \$100,000 guarantee and Patterson might get twice as much on the basis of a guarantee and percentage.

Until the weigh-in at Hollywood Legion Stadium, both remained in seclusion at hotels and both voiced confidence.

"If I didn't think I could beat him, I wouldn't want to fight him," drawled Harris, a graduate of Sam Houston State Teachers College who considers returning to the books for a master's degree. Patterson, who won the title by stopping Archie Moore in five rounds on Nov. 30, 1956, declares he wants to earn a reputation as "a great champion."

His only two defenses have been against the easily hit Tommy (Hurricane) Jackson and Pete Rademacher whose claim to fame was victory in the 1956 Olympics. Patterson stopped Jackson in 10 rounds on July 29 last year and blasted the clumsy Rademacher out in six.

"I'm not a great champion as far as I'm concerned," said the 23-year-old Negro from Mount Vernon, N.Y., the youngest man ever to win the crown. "A great champion is one who proves himself. I haven't had that chance."

In training, Harris showed a solid left jab, a good hook, adequate right but a tendency to leave himself open at times. His victories include those over Bob Baker, Willie Pastrano and Willie Besmanoff.

Patterson, known for his speedy combinations and power in both hands, could find trouble against the sturdy 6-footer whose relatives gained note by fighting bare-knuckled in their community.

Tonight the boxers wear 8-ounce gloves with scoring on the 10-point must system. The winner of each round gets 10 points and the lower 9 or less depending on his showing. The referee and two judges will render the verdict should the engagement go 15

Have Won 18 of 24

Chisox Creep To Within 11½ of NY With 5 Straight Victories

By The Associated Press
The Chicago White Sox look like they mean to make a race out of the American League pennant chase.

Whether they started their surge too late remains to be seen. Probably they did.

But they're only 11½ games behind the league-leading New York Yankees today and all signs point strictly upward for them. They have won five in a row and 18 of their last 24.

The Yanks have lost eight of their last 11, and Manager Casey Stengel is so upset with the sudden turn of events that he called a morning practice today in Yankee Stadium. No team has been so close to the Yanks since July 20th.

Sunday, the Sox licked the

Cleveland Indians 3-2 behind Billy Pierce, who now has run his record to 13-9. It was second-string catcher Earl Batty who contributed the winning blow, a home run with two out in the eighth inning.

Jim (Mudcat) Grant was on the mound for the Indians. His record against the Sox this season is now 0-6.

Elsewhere in the American League, the Boston Red Sox downed the slumping Yanks 6-5, the Kansas City A's whipped the Detroit Tigers 4-1, and the Baltimore Orioles edged the Washington Senators 2-1.

In the National League, the first-place Milwaukee Braves won Cincinnati Redlegs polished off a doubleheader from the Philadelphia Phillies, 5-1 and 4-1; the

Pittsburgh Pirates twice 4-3 and 7-5; the San Francisco Giants downed the Chicago Cubs 8-6; and the St. Louis Cardinals won the opener from the Los Angeles Dodgers 12-7 but dropped the second game of the doubleheader 9-3.

Ike Delock was the winning Red Sox pitcher.

Bob Grim was the author of Kansas City's decision over the Tigers. Grim was touched for only four hits and it marked the first time this season he has gone nine innings.

Baltimore jumped over Cleveland into fifth place in the league today. Connie Johnson not only did a good job on the mound, doling out only three hits, but he knocked in the winning run with a sacrifice fly in the fifth.

Bruce Seeks To Improve 13-6 Record In 3rd Year At Salem

By GORDON ARNDT

Earle Bruce will begin his third year as head football coach at Salem High School Sept. 12 when he sends his 1958 edition against Cleveland John Marshall in the first of seven home games scheduled at Reilly Stadium.

The Quakers will take to the road only twice in nine engagements this season, Sept. 19 at Ravenna and Sept. 26 at Canton Timken. All other clashes will unfold within the confines of the Red and Black's home field on E. Pershing St.

After the inaugural with the Cleveland outfit, the locals will have a half-dozen other games at home. They are: Oct. 3, Brookfield; Oct. 10, Wooster; Oct. 16, Wellsville; Oct. 24, Youngstown East; Oct. 31, East Liverpool and Nov. 7, Leetonia.

ALL GAMES are on Friday nights except the Oct. 16 affair with the Bengals from southern Columbiana County.

It will be played Thursday because of the Northeastern Ohio Teacher's Conference in Cleveland the following Friday.

John Marshall, Wooster and East are new foes this year. Deleted from the schedule were Youngstown Chaney, Conneaut, East Palestine and Boardman.

Wooster's appearance here will be its first since 1904. Salem has not played East since 1936. The last time the locals met John Marshall gridgers was 10 seasons back.

THE 1958 QUAKER gridiron machine can't afford to "take five" if they want to duplicate the feats of the 1957 powerhouse.

Last year's squad lost but once in 10 outings and finished 10th in the Associated Press poll of the state's scholastic grid powers. It also established an all-time SHS one-year scoring mark by chalking up 312 tallies.

The aggregation also is responsible for an eight-game winning streak which the '58 eleven will attempt to continue.

One must be fair in expecting this year's crew to match the accomplishments of their mates of a year ago.

MATERIAL like Moe Meissner, Henry Maxim, Bill Holzworth, Jim Horn, Jerry Stumpo, Paul Welch and Lani Waiwaiole doesn't come through a mail order catalog.

It must be developed and Bruce has shown that he has more than average ability to develop young football aspirants.

In his first season in 1956, his proteges ended the campaign with four wins and five defeats. The 1957 record was a marked contrast (9-1) which improved

Bruce's Salem "career" slate to 13-6.

A review of the records of Salem teams during the years reveals several other statistical tidbits.

The Quakers have not been shut out in their last 27 games and only twice in the last 56.

THE LAST TIME they were goose-egged was in the opening endeavor in 1955 with New Philadelphia. The Tuscarawas County Quakers won that one 33-0.

In 1956, East Palestine dumped Salem 41-6. The Bulldogs then tasted their own recipe when the Quakers shelled them by the same count last year.

The most amazing thing about the '57 club was that they scored 40 or more points in four different games. No other Salem team has ever done that in records which go back to 1896.

Polo Team Takes 11-3 Win From Harbor Hills

The Salem Polo Club won an easy match Sunday on its home field with an 11-3 verdict over the

Harbor Hills team of near Columbus.

Jimmy Barr was the big man in the Salem attack with seven goals. Jack Arnold had three and Phil Thompson one for Salem.

Dick Smith, Bud Strouss and Bob Baker had goals for the visitors.

Indians Open Eastern Tour With Yankees

Chicago (AP) — The Cleveland Indians, off today after losing a three-game series to the Chicago White Sox, will open their last eastern tour of the season Tuesday night in Yankee Stadium.

Cal McLish, the Indians' leading pitcher, is slated to hurl the opener of the two-game set against the league-leading Yankees. The veteran right-hander has won 12 games, including two against the Yankees, and lost six.

The Tribe slipped into sixth place, a half-game behind Baltimore, Sunday by dropping a 3-2 decision to the White Sox. It was the Indians' eighth loss in nine games.

Cleveland dropped each of the three games in the White Sox series by a one-run margin. A home run by Earl Batty in the eighth inning with no one out, two out, and the score tied was the deciding factor in Sunday's game.

Two singles and a sacrifice fly gave the Sox a run in the second inning. They added another in the third on three singles.

Cleveland tied the score in the fourth when Rocky Colavito hit his 27th home run of the season with one on.

Rookie right-hander Jim Grant (10-9) took the loss, yielding nine hits.

Southpaw Billy Pierce effectively scattered nine Cleveland hits in collecting his 13th triumph against eight losses.

rounds, a distance neither fighter has traveled.

It was nearly a year ago, on Aug. 22, that Patterson whipped Rademacher who made his professional debut in the title bout at Seattle. Some observers believe the 361-day layoff hurt the champ's timing. Since turning professional after winning the 1952 Olympic middleweight championship, Patterson has won 33 times and lost once.

The financial arrangements guarantee Harris \$100,000 for his night's work. Patterson receives a guarantee of \$210,000 from Teleprompter, the firm handling the theater television plus 50 per cent of the net gate. But Harris' \$100,000 comes out of Floyd's take in the novel financial arrangement.

Bob Mitchell Candidate For 2 Positions

HIRAM, Ohio (AP) — Bobby Mitchell, who scored two touchdowns for the All-Stars, will have a try at two backfield positions for the Cleveland Browns — half-back and flanker.

"We think Bobby can do either, but we want him to learn the inside job first," said Coach Paul Brown Sunday as the club's six rookies from the All Star game had their first training camp workouts. The regular flanker is speed merchant Ray Renfro.

The regular running halfback is Lew Carpenter, who got a late start this year, and saw no action Saturday night when the Browns played their first exhibition contest, beating Pittsburgh on a muddy field at Akron, 10-0.

While Le rested, two other candidates got a good workout — particularly little Leroy Bolden of Michigan State. In the second half Brown kept calling plays for "El Magnifico."

Milwaukee Takes Pair; Grab 8-Game NL Lead

By The Associated Press

The talk around the National League these days is not whether the Milwaukee Braves can hold out.

Rather, it's how much they will win by.

There's no longer any lingering doubt that the Braves might fold.

They have an eight-game bulge today as they head on a road swing and there isn't a team in the league that appears capable of making it even close. They've won seven in a row, matching their previous season's high.

The Braves won a doubleheader from the Philadelphia Phillies Sunday 5-1 and 6-1 behind Juan Pizarro and Lew Burdette.

Frank Torre hit the first grand slam home run of his career in the opener. Pizarro came within two outs of his first major league shutout, only to have it spoiled by Ed Bouchee's homer.

In the nightcap, Burdette out-pitched rookie Ray Semproch to win his 13th victory. Wes Covington helped with a home run.

The Cincinnati Reds climbed out of last place by licking the Pittsburgh Pirates twice, 4-3, and 7-5. The San Francisco Giants polished off the Chicago Cubs 8-6.

Los Angeles and St. Louis split a double-header, the Cards winning the first 12-7 and the Dodgers the second, 9-8.

In the American League, the

Chicago White Sox turned back the Cleveland Indians 3-2 while the Boston Red Sox downed the league leading New York Yankees 6-5. The Kansas City A's crushed the Detroit Tigers 4-1, and the Baltimore Orioles nipped the Washington Senators 2-1.

The Redjacks knocked the Pirates out of second place. It was their third victory in five games since Birdie Tebbets quit as manager.

Tom Acker, primarily a relief pitcher, went all the way in the first game for the Redjacks. Joe Nuxhall won his 10th in the nightcap with the aid of Don Newcombe.

It wasn't until the ninth inning of the opener that the Redjacks iced the decision on Jerry Lynch's run-scoring single. Pinch hitter George Crowe drove in the deciding run in the nightcap in the eighth with the bases loaded.

San Francisco regained second place with its home-run splattered triumph over Chicago. Leon Wagner, Daryl Spencer and Willie Mays each hit one for the Giants. Mays' came with two on. Dale Long, Bobby Thomson and Ernie Banks all connected for the Cubs. Moe Drabowsky was the loser.

Curt Flood and Gene Freese, the first two batters to face Los Angeles' starter Sandy Koufax in the opener, hit homers for the Cards. Jim Brosnan, who worked six innings in relief, was the winner.

In the nightcap, southpaw Danny McDevitt went all the way for the Dodgers, and although he uncorked four wild pitches, he allowed only six hits. Joe Pignatano tagged Sam Jones for a three-run homer in the sixth.

Hollywood, Calif. —Boots Monroe, 122½, Los Angeles, stopped Roberto Hernandez, 12, Juarez, Mexico, 5.

LEGAL NOTICES

ORDINANCE NO. 970
AN ORDINANCE TO PROVIDE FOR VACATION PAY AND SICK LEAVE ALLOWANCE FOR VILLAGE EMPLOYEES, AND TO PROVIDE FOR REIMBURSEMENT OF BUSINESS TRAVEL.

Be it ordained by the Council of the Village of Leetonia, Ohio:

SECTION I. That all full time employees of the Village, but excluding any elected officials, shall be eligible for vacation time with pay, as follows: After one year of such continuous employment, one week of allowance, after five years—two weeks allowance and after fifteen years—three weeks allowance annually. The term "full time employee" shall include all those persons who are hired on a salaried basis and work a minimum of forty hours per week and satisfactorily handle the duties of their employment, and all those persons hired on an hourly basis who work at least forty hours per week or such different hours as may be determined to be full time work.

SECTION II. All full time employees, as defined above, shall be further allowed 15 days annually as "sick leave" which time may be accumulated not to exceed 90 days. Such time may be allowed only upon a physician's certificate showing illness on the part of the employee, or for attendance at funerals.

SECTION III. The above allowance shall be paid whether employment commenced before or after adoption of this ordinance.

SECTION IV. Where travel has been authorized by the Village Council or the Mayor for official business of the Village, employees may be reimbursed for their automobile at the rate of 8 cents per mile, plus additional allowance for hotel and meals not to exceed \$10.00 per day.

SECTION V. This ordinance shall be in effect from and after the eighth day of August, 1958.

RAULPH B. KENNEDY Mayor.
ATTEST: M. D. BIRCH

1,400 Are Recalled By Twinsburg Plant

AKRON, Ohio (AP)—About 1,400 production workers were called back on their regular shifts today at the Twinsburg stamping plant of Chrysler Corp.

An unauthorized walkout a week ago by 26 lift truck drivers, who set up a picket line, halted work at the plant which supplies parts for all of the Chrysler line.

The company obtained a court injunction limiting the number of pickets to two, contending the start of 1959 production was jeopardized.

Terms of the settlement were not announced. It was worked out by Local 122, United Auto Workers.

Sandusky Girl Majorette Champ of Ohio

BELLEFONTAINE, Ohio (AP)—A 15-year-old Sandusky girl is Miss Majorette of Ohio for 1958.

She is Patti Peters, daughter of Mr. and Mrs. W. A. Peters, who was chosen Sunday night from among 10 senior contestants to represent Ohio in national competition next Sunday.

Runnerup is Marilyn Doering, 15, of Rt. 3, Wapakoneta.

Winner of the Junior Miss Majorette of Ohio title is 14-year-old Penny Lehmann of Cleveland, who was selected from among seven contestants. Runnerup is Jill Torgler, 14, of Euclid.

Miss Peters will vie for the title on Majorette Queen of America while Miss Lehmann will try next Saturday to win the crown given to the Majorette Princess of America.

Both the state and national judging events are being held at nearby Russels Point.

Majorette contestants in both senior and junior divisions are judged for their beauty, twirling and strutting ability, poise, grace and showmanship.

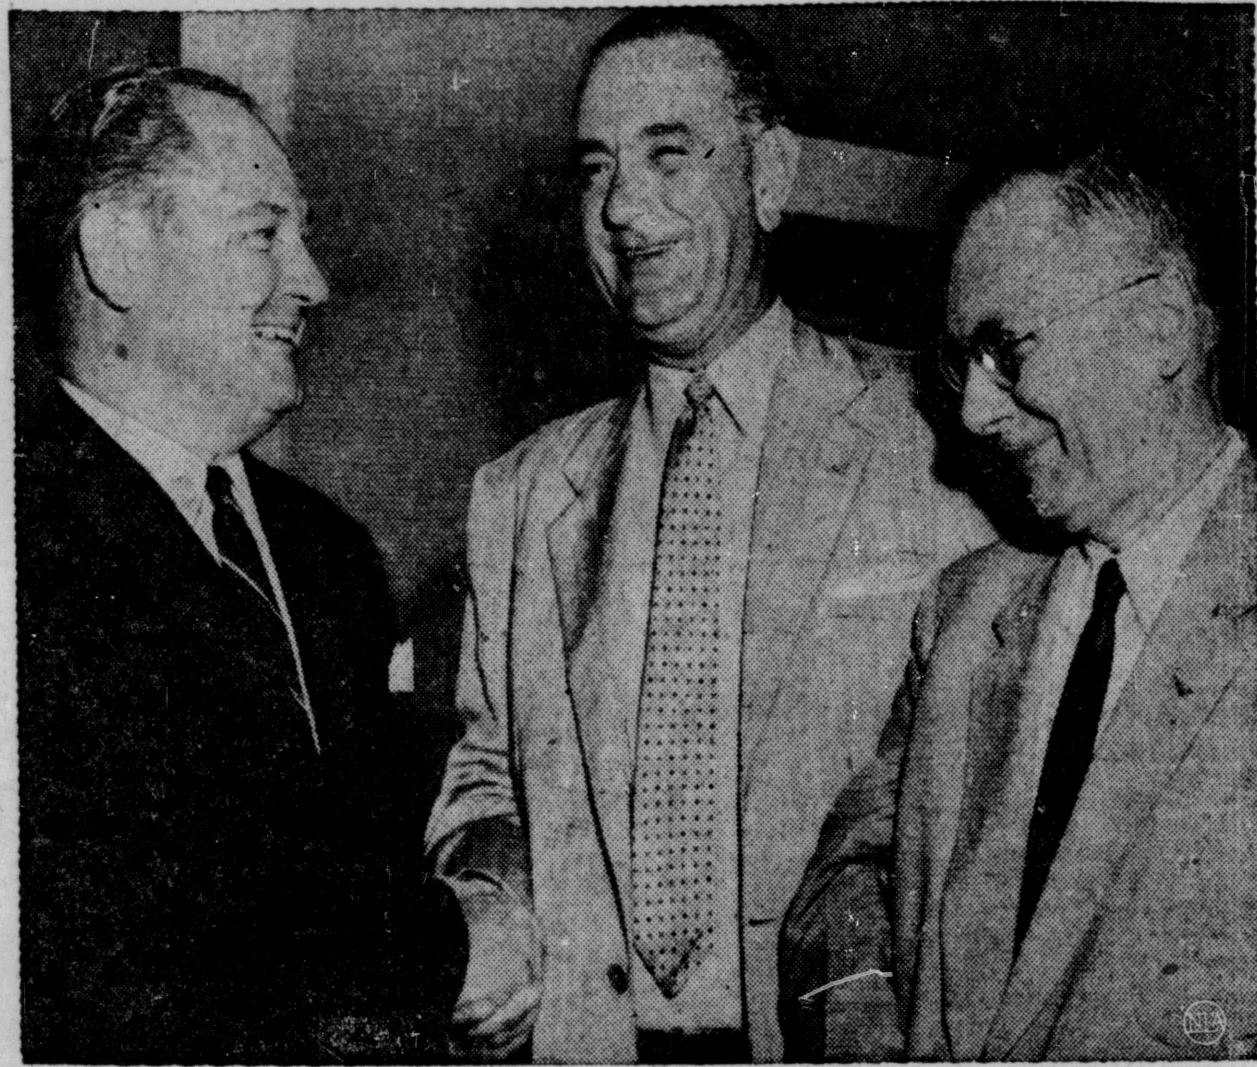

In events that preceded the eluding of Ohio majorette titles, winners by category and class were:

Twirling, novice division (4-8 years old) — Penny Hale, 7, Dayton; juvenile division (9-11) — Georgene risky, 11, Berea; junior division (12-14) — Kathy Hearn, 12, Cleveland; senior division (15 and over) — Miss Doering.

Strutting novice — Charyl Palsha, 8, Parma; juvenile — Alanna Hartman, 11, Parma Heights; junior — Jane Fender, 13, Greenville; senior — Jackie Vodvarka, 15, Cleveland.

Ensembles (six or more persons in one majorette unit) — Mansfield Majorettes.

The committee is investigating the nominations of Glennan as administrator and Dr. Dryden as deputy administrator of the new National Aeronautics and Space Agency.

Knights of Columbus Open Convention

CLEVELAND (AP)—The Supreme Council of the Knights of Columbus opened its 76th convention today after receiving from its Ohio affiliates \$15,000 toward the cost of a one-million-dollar bell tower in Washington, D.C.

Representatives of 214 Ohio councils presented checks Sunday to the supreme knight, Luke E. Hart of New Haven, Conn.

The tower will be completed next year at the National Shrine of the Immaculate Conception on the campus of the Catholic University of America.

THAT'S ALL, SONNY

MONTEREY PARK, Calif. (AP)—Johnny Underwood crawled into the family car, started the engine, steered around a parked car, rolled down a hill and crashed into a concrete wall. "He won't be driving again for a long time," said Johnny's father, Edward Underwood. "His license has been revoked for at least 15 years." Johnny, who got a bump on the head, is 3.

Indiana Boy Wins Soap Box Derby

AKRON, Ohio (AP)—A 15-year-old boy from Muncie, Ind., was king of the soap box racing drivers today, the third contestant from the Hoosier city to hold the title.

James Miley, a high school sophomore, racing at an average speed of 24 m.p.h., won the 21st annual All-America Soap Box Derby Sunday with his low slung fiberglass, gravity-powered racer.

His winning time was 27.86 seconds over the 975-foot Derby Dws course, which was lined on both sides by an estimated 70,000 persons. His time of 27.85 seconds in the eliminations was the fastest hat of the day.

Ronnie Ashley, 14, a high school sophomore from Lakewood, Calif., finished second and in third place was David Hillgoss, 15, of Anderson, Ind.

The three finalists in the field of 160 contestants were all even halfway down the course, but then Miley forged ahead and crossed the finish line two feet ahead of Ashley.

The top five finishers were awarded college scholarships ranging from \$5,000 down to \$1,500, in addition to trophies.

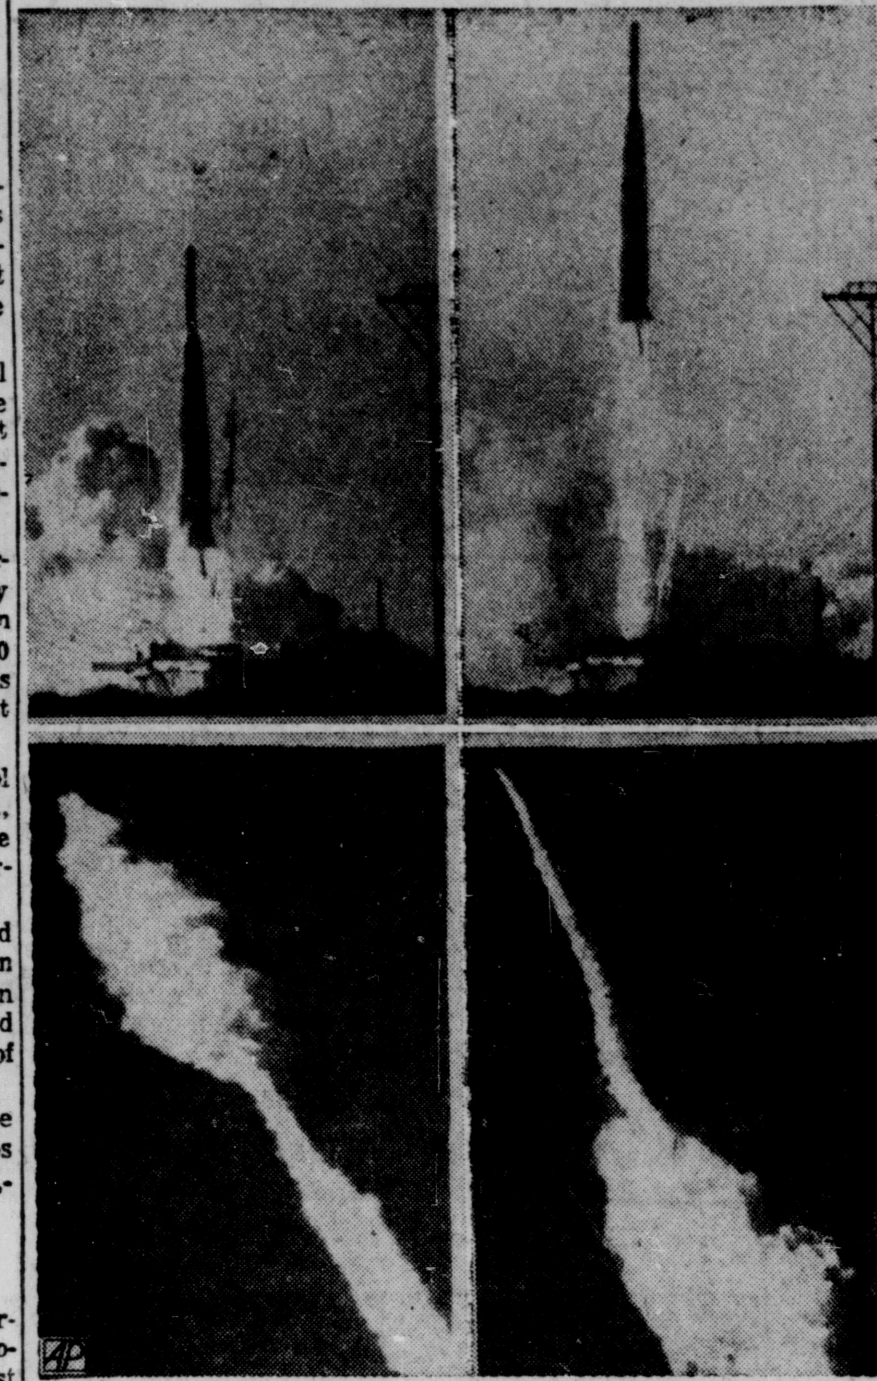

KADAR IS NERVOUS

VIENNA (AP)—Travelers arriving from Budapest reported today that Hungary's Communist Chief, Janos Kadar, has gone to Russia to be treated for a nervous condition. Budapest radio announced Sunday that Kadar is on a summer vacation.

SWISS CLIMBERS KILLED

LINTHAL, Switzerland (AP)—Three Swiss mountain climbers fell to their deaths Sunday from Piz Rusein Mountain in central Switzerland.

The three experienced Alpinists were still tied together by their climbing rope as they fell off the rock face.

GOING UP AND OUT. The Air Force Thor-Able rocket, carrying instruments to probe the area around the moon, is shown in four stages as it left the launch pad and then exploded at Cape Canaveral, Fla., Sunday. Top two pictures show it just after ignition and as it went into full powered flight. Lower left shows the first stage of explosion and lower right the first stage of explosion with the second and third stages continuing in flight.

5,000 Watch Mock Paratroop Assault

WILMINGTON, Ohio (AP)—The "Screaming Eagles" landed with little difficulty Sunday and quickly mastered their problem.

This was a mock paratroop attack staged by a highly trained company of the Eagles — members of the famed 101st Airborne Division — at Clinton County Air Force Base.

After the drop, they moved into attack positions and secured the base radio shack — the object of their problem.

This was also a mission of the 302nd Troop Carrier Wing, a reserve unit which flew the men to the target from their Fort Campbell, Ky., station.

The assault was watched by about 5,000 spectators — mostly members or families of members of the 101st Airborne Division Assn., which had its annual con- weekend.

The division commander, Maj. Gen. W. C. Westmoreland, said the paratroopers "did a bang-up job on a difficult drop mission."

Twelve planes took part in the said.

operation, making two passes over the target area to drop 125 men and their equipment each time. Only two men suffered injuries — neither seriously.

Dairy, Grain Farm Win Plowing Titles

AKRON, Ohio (AP)—Wilbur Rase, 40-year-old dairy farmer from Scioto County, and Raymond Poos, 50, a grain farmer from Preble County, won the Ohio Plowing Championships on a rain-soaked field Saturday.

They will represent the Buckeye State at the National Plowing Matches Aug. 21-22 near Hershey, Pa.

JUST FELL ASLEEP

CHARLOTTE, N. C. (AP)—James Blake started to swim the Catawba River Saturday night and never came out, said his friends. Police and 60 life saving crew members searched all night and all day Sunday.

Sunday night, Blake called his wife to come and get him at the river. Sure, he felt fine. He'd just fallen asleep in a boathouse, he said.
